Auto Insurance Going Up 17.2% For Marinites

If You Paid $54 Last Year, Your New Bill Will Be $65.50

Marin automobile owners will face an increase of 17.2 per cent in liability-collision insurance next Wednesday.

New rates effective Feb. 12 were announced yesterday by the National Bureau of Casualty Underwriters and National Automobile Underwriters Assn.

Statewide, the average increase is 13.6 per cent for liability insurance and 6.5 per cent for collision insurance. The rate changes vary section by section, ranging from an increase of 18.5 per cent in suburban Oakland to a decrease of 1.6 per cent in Humboldt County. San Francisco gets an increase of 16.2 per cent, and Los Angeles an increase of 10.7 per cent.

William McLachlin, secretary of the Marin Assn. of Insurance Agents, said the new schedule shows that a Marin car owner carrying basic liability insurance—personal injury insurance limited to $10,000 for one person or $20,000 to more than one, and property damage limited to $5,000—now pays $54 in Marin and starting next Wednesday will pay $65.60. If the car is driven by an unmarried male under 25 years old, the rate now is $194 and will go up to $236.80.

Rates for collision insurance depend on the make and type of automobile.

McLachlin noted that the increases will not apply to insurance already in force, but will be applied when new or renewal policies are written.

Not all insurance companies are included in the rate structures set up by the two associations.

The Marin office of the California State Automobile Assn. reported there will be no increase at this time in rates on insurance written through CSAA.

Fred Temps, Marin district manager for Farmers Insurance Group, said his company has not raised rates and has no plan to do so.

Some "non-board" insurance companies increased rates last month.

Redistricting Ruling May Be Appealed

Attorney Not Satisfied With Stop-Gap Move

Larkspur attorney John P. Rooney has filed notice of intention to appeal Judge Richard M. Sims' finding that the supervisorial redistricting adopted last Friday satisfies requirements for the June 2 election.

However, Rooney said today he is not yet sure whether he will actually carry the appeal to higher courts.

"I want to study the state supreme court's decision yesterday in the Monterey case, to see if it would apply here," he said.

PLANS TO STUDY

The supreme court yesterday denied an appeal against redistricting by the Monterey County Board of Supervisors which was brought on the same general grounds on which the Marin redistricting might be attacked: insufficient equalization of the districts.

"The applications of law might be different, however," Rooney said. "I will have to study the Monterey decision."

The attorney, whose suit in behalf of San Rafael Junior Chamber of Commerce officers forced quick redistricting action by the board of supervisors last week, declared: "I don't think anybody is satisfied with what they did—except maybe the supervisors."

LITTLE CHANGES

The board took the Bolinas-Stinson Beach area from the Third District and the San Geronimo Valley from the Fifth District and added them to the Fourth (West Marin) District, increasing its per centage of the county's population from 1.8 to 3.9. No change was made in the First and Second districts.

Judge Sims approved the solution as a "stop-gap measure" to satisfy requirement for the June 2 election, but urged that redistricting be given further study thereafter.

Attorney Rooney also has on file in U.S. District Court in San Francisco a petition for an order restraining County Clerk George H. Gnoss from holding an election until a more satisfactory redistricting is accomplished. He said he has no intention of withdrawing that suit.

The board of supervisors yesterday formally ratified the legal description and map of the new district boundaries.

Oldtime Electrician Harry Eklund Dies

Harry Richard Eklund, 83, Marin County's first electrical contractor, died at his home at 150 Bungalow Avenue, San Rafael, at 3:45 a.m. today after a short illness.

Eklund founded the H. R. Eklund Electrical Works as a one-man operation in San Rafael in September, 1901.

Even earlier, he was wiring homes in Marin as an employee of the old Edison Light and Power Co., which installed San Francisco's first electric power plant—a steam-generator, direct-current plant that is still in use there by Pacific Gas and Electric Co.

Eklund left the Edison company in 1901 and set up his own shop in San Francisco. But he found so much business across the Golden Gate that he moved to San Rafael only a few months later, locating first at 710 Fourth Street (now in the 1200 block since the street has been renumbered).

He had the memorable experience of meeting Thomas A. Edison in 1915 when the great inventor came to San Rafael to visit Leon Douglas, designer of the old Victrola phonograph and a pioneer in color photography.

Eklund beat the Bay Counties Electric Co. to San Rafael by about a year. As the only electrician in the county, he was flooded with work.

His first industrial job here was the Marin County Ice Co. at Julia and B streets, now the site of the Independent- Journal.

As stores began replacing gas lights with electric lights, Eklund had to hire helpers. Then in 1906 the ranches began switching to electricity.

Eklund married Gussie Freund, a San Francisco school friend, in 1902.

Despite his advancing age, Eklund remained active in the management of the family firm's shop at 2 Bayview Street in recent years.

A native of San Francisco, Eklund attended grammar school there and was graduated from the Van de Naillen School after studying electrical engineering.

He was a member of the San

Boat Blows Up, Two Dive In Bay

Fuel Line Ruptures; Both Hurt

Two San Jose men dived into Richardson Bay yesterday afternoon as their boat, My Quiet Girl, exploded in Sausalito's Marinship after a fuel line ruptured.

William Sanchez, 24, was in "fair condition" today at Marin General Hospital, being treated for first and second degree burns on hands, fact and neck.

FIRST AID

Lawrence J. Fontan, 52, was given first aid for minor burns on his hands.

The 25-foot power cruiser, burned to the water line and then sank. Valued at $5,500, it was insured, Fontan said.

The boat was owned by Control Equipment Co., a San Francisco ship repair company. Fontan, a partner in the company, and Sanchez, an employee, had gone aboard the boat about 2 p.m. They took on 93 gallons of gasoline at Clipper Yacht Co.'s marine station and started for Richmond.

FUEL IGNITES

Almost immediately the fuel line ruptured, said Fontan.

"We had repaired the rupture and were lying dead in the water when the bilge pump up forward started up automatically. A spark from the pump came back and ignited the fuel," he said.

"Then it exploded

"Under the wheel where I stood was 45 gallons of fuel, and Sanchez was standing over the other tank. We dived into the water."

The boat by then was adjacent to Marinship Yacht Harbor. Sanchez, badly burned by the explosion, swam 50 yards to a piling and was rescued by Aileen Vassar and her partner, Warren Buffington, who own a commercial fishing boat. Fontan swam to the pier.

Mrs. Violet Jensen of 36 Birch Street, Mill Valley, found Fontan sitting on the pier and telephoned the fire department and ambulance.

Sausalito Fireman Max Robertson said the boat was adrift and "completely ablaze" when

FIRED DEPUTIES TO FILE APPEALS

One Sheriff's Aide 'Pulled A Gun;' Another Asserts, 'I Was Framed'

Two Marin County sheriff's deputies were fired from their jobs today by Sheriff Louis P. Mountanos.

Both declared they would carry appeals to the county personnel commission and even to the board of supervisors.

"I was framed," said Deputy William N. McKillop, 38, after a brief hearing at which he was told by the sheriff that he was being discharged because of "conduct unbecoming an officer."

George Johnsen, 33, the other discharged deputy, was also dismissed for unbecoming conduct. When told by Mountanos he had a right to appeal, he said, "I certainly will."

McKillop said he was fired because "I am supposed to have pulled a gun on someone while I was off duty on Jan. 24. I deny the whole thing."

McKillop, who had been with the department since May 5, 1958, said he blamed one superior officer in the department for his ouster.

"This is little boy stuff," he said. "Lots of people were thinking of me for the police chief's job in Tiburon. When he heard about this, he hit the roof . . . All you get around here are promises. I don't see why the sheriff would listen to just one person's report."

Johnsen, a former prizefighter who became a deputy sheriff Oct. 1, 1961, said he had been accused of "police brutality" in an incident on Jan. 25. He was also off duty, and said he had only assisted a San Rafael police officer in arresting a drunk at a bar.

Attorney Patrick Hallinan appeared with the deputies today in the sheriff's office. Hallinan said he will represent Johnsen, but San Francisco attorney William J. Murphy will represent McKillop at future hearings.

Mountanos refused to discuss the charges against the deputies, saying he did not wish to make any "accusations in public" before personnel hearings.

Upon hearing the sheriff's recommendation for firing, McKillop walked out, refusing to accept Mountanos' offer to shake hands.

A third person involved in the investigation, Mrs. Cille Brace, 34, resigned last week as a sheriff's matron. She said she was with McKillop when he allegedly pulled the gun because another man made a "pass" at her.

Mountanos said her resignation "had nothing to do with McKillop's dismissal." She was asked to resign, the sheriff said, "because we weren't pleased with her work." She had completed three months of a six-month probation period.

KENNETH H. HUCK
Sausalito's police chief

Sausalito Police Chief Is Named

Kenneth H. Huck, 34, of Glendora, Los Angeles County, was named last night as the new police chief of Sausalito.

City Mgr. Charles A. Brown recommended that Huck be appointed and city councilmen, who had interviewed Huck as one of the top four candidates, endorsed the appointment unanimously.

Huck will take the post left vacant by the demotion to sergeant of Howard Goerndt in December, agreed to after a long hearing before the personnel board on Brown's firing of Goerndt.

Huck will take over on March 1 at a salary of $841 a month, $148 more than Goerndt was being paid as chief.

Huck attended elementary and high schools in Sandy, Ore. He also studied at Mount San

Brown Hits At Expected Rumford Vote

SACRAMENTO (AP) — "It's a bad day for California."

That was Gov. Edmund G. Brown's comment today on word that the Rumford housing act apparently will be submitted to a vote of the people.

The governor declared, as before, that opponents of the anti-discrimination measure had every right to sponsor initiative petitions but, he added:

"They know not what they do."

Brown said the initiative campaign would plunge California into a racial fight. He offered the opinion that if it succeeds, the proposed new law would be held unconstitutional by the courts.

When the initiative qualifies officially, he said he'd look into the question of possibly putting it on the June 2 primary ballot instead of the November election.

At his weekly news conference, the governor touched on these other subjects—

POLITICS — Brown said he didn't know what California Democratic leaders will do if President Lyndon B. Johnson decides against entering the state's presidential primary.

If Johnson avoids the primaries, he said there would have to be either a favorite son or uninstructed delegation from California, and either approach would be unsatisfactory.

"Put this in your hat,"

2 Old Firms Sign With Northgate

Two companies that have been in business in San Francisco for over a century today signed leases for branches in the Northgate Regional Shopping Center in San Rafael.

The 114-year-old City of Paris department store, founded when the ship City of Paris anchored in San Francisco Bay in 1850, and Hastings, men's clothing company, founded in 1854 in the old Lick House at Montgomery and Sutter streets, executed leases for their first stores north of the Golden Gate Bridge at a press conference in the historic board room at the City of Paris.

The occasion was celebrated with a champagne toast by Madame Suzanne de Tessan, chairman of the board of the City of Paris; George W. Clarke Jr., president of Hastings; Jack B. Anderson, Northgate project co-ordinator, and Colbert Coldwell and Howard McGurrin of Coldwell, Banker and Co., leasing agents.

In San Francisco, the stores are neighbors in Union Square. They will be neighbors again in Northgate where they will be located just across the mall from each other.

City of Paris has branches also in Stonestown and San Mateo. At Northgate, the firm

Board Taking 2nd Look At Valley Zone

The Marin County Board of Supervisors agreed yesterday to take a new look at San Geronimo Valley zoning, and to take a field trip with the planning commission to see the area first-hand.

The board was confronted by 358 letters, a petition with 132 names, and a plea from Planning Director B. D. Dobbs to reconsider its previous zoning action.

Supervisors had voted to zone a total of 41 acres in Lagunitas, San Geronimo and Forrest Knolls for business, and to leave a large area of industrial zoning in Woodacre. The planning commission had asked for elimination of the industrial zoning and for commercial zoning totaling only 16 acres.

The master plan for the area gives the need for commercial land at about seven acres, according to Dobbs.

"If you overzone, you will not realize the business potential of the valley," he declared. "You will get fringe commercial, mixed uses, invariably of low quality."

Supervisor George H. Ludy said he felt another examination of the problem was called for. He said the need for commercial zoning in San Geronimo was probably not so great as he had thought.

Supervisor William A. Gnoss said he wanted another look at the industrial zoning in Woodacre, and suggested the trip to the valley to examine the land.

Attorney Roderick P. Martinelli, who has represented the businessmen of the valley and let the fight for more commercial zoning, asked that the previous board decision be upheld.

The board voted unanimously, with Supervisor William D. Fusselman absent, to view the area and reach a final decision by Feb. 18.

Money Called Key In Saving Parkland For Marin County

By ROBERT M. COPPOCK

All the advance planning in the world is not going to preserve parkland in Marin County, Planning Director B. D. Dobbs today told a joint meeting of the county planning and park and recreation commissions.

Money will be the key, he said. The county, or other public agencies, must be willing to buy land, especially tidelands.

However, County Park Director Kelvin J. Nelson, said that as far as regional park needs are concerned, almost all the land the county needs is now in public ownership. The main task, he said, will be preserving the land — especially water district land — from private encroachment.

Nelson said the public was faced with several problems in recreation, not the least of which was the lack of cooperation and coordination among different government agencies.

He said the biggest need for the county, however, was to bring the old county recreational master plan up to date. That would be a first step.

Teamsters Aide Says Hoffa Boasted Of Fixing Juror

CHATTANOOGA, Tenn. (UPI) —A Teamsters official testified today that James R. Hoffa once boasted he had fixed the jury in his 1962 conspiracy trial in Nashville.

The government witness said Hoffa told him, "I have got the colored male juror in my hip pocket."

The testimony by Edward Partin, officer of a Baton Rouge, LA., Teamsters Local, was the first to link Hoffa directly to charges that he tried to bribe and influence jurors in the conspiracy trial.

Partin also said Hoffa told him "he would pay $15,000 to $20,000 to get to the jury." He said the proposal was made in a Nashville hotel room while the trial was in progress.

Partin quoted the Teamster chief as saying: "It looks like our best bet is a hung jury. That's the same as acquittal, because they'd never try me again."

There was only one Negro juror in Hoffa's conspiracy trial. He was Gratin Fields, a retired railroad worker. Fields was one of three panel members discharged before the case was declared a mistrial.

Partin appeared calm when taking the witness stand today over strong defense objections that he was a "government informer" planted in their midst. He testified with his hands folded neatly in his lap.

Hoffa, to the contrary, stared intently at the witness and repeateedly turned to scribble notes to his defense lawyers.

Partin said Hoffa's alleged proposal to pay to "get to the jury" was made in the course of two hotel room conversations with the union leader. He said no one else was present at either time.

Reds Kill 12 In Vietnam Attack

SAIGON, South Vietnam (UPI)—Communist guerrillas overran a government military headquarters in the Mekong Delta yesterday, killing 12 Vietnamese soldiers in their biggest attack there since November.

The Viet Cong retreated when Vietnamese planes dropped flares to illuminate Communist positions in the pre-dawn attack 55 miles south of the capital.

The Communists left six dead and government losses included 20 wounded.

Pressure From Queen; Engagement Off

THE HAGUE, Netherlands (UPI) — Princess Irene broke off her engagement to a Spanish Catholic nobleman because of pressure from her mother, Queen Juliana, informed sources said today.

Irene

Queen Juliana announced in a dramatic broadcast to the nation last night that her daughter had decided against becoming engaged. The queen did not indicate who the prospective fiance was, but the names of several young Spanish nobles have been mentioned in rumors.

Informed sources said Jan Van Der Hoeve, who flew to Spain as a representative of the queen, had persuaded the blonde, 24-year-old princess to call off the engagement, although he was unable to get her to come home.

Irene, whose conversion to Roman Catholicism was made public last week, remained in hiding today somewhere in Spain.

Johnson Suggests D.C. Religious Center

WASHINGTON (UPI)—President Lyndon B. Johnson proposed today that all of America's religious faiths join in erecting in Washington "a fitting memorial to the God who made us all."

His partner trained his gun on car owners and office workers.

When office manager Joseph Tucker started to grapple with the second gunman, he broke free and warned, "don't try that again."

The gunman aimed at Tucker. His weapon misfired. Then Tucker chased the pair out the rear door, bullets whistling by his head.

Johnson Asks Law To Protect Consumer

WASHINGTON (AP) — President Lyndon B. Johnson asked Congress today for new laws to protect consumers against phony packaging and disguised interest charges. And he suggested possible use of federal experts to help low-income families prepare household budgets.

Johnson, in a special message, endorsed legislation including pending bills to ban deceptive packaging and to require full disclosure of interest rates on installment purchases.

The most novel idea in the message — the use of trained government workers to help low-income families learn more about budgeting and how to "get the most for their money —was not put forward in the form of legislation.

Instead, Johnson said he was asking all federal agencies interested in consumer education to explore fully the possibility of adapting the Agricultural Extension Service concept, "so successful in rural areas," to cities and towns.

The president also said the government would try to promote consumer education in the schools and encourage more young people "to seek instruction in the fundamentals of budgeting.

Other legislative recommendations were:

1. A requirement that cosmetics be proved safe before marketing and that federal inspection of foods, drugs and cosmetics be expanded.

2. Require inspection of all meat and poultry sold in the country, whether or not it crossed state lines. Johnson noted that present federal law requires inspection only of these items when they cross state lines.

3. Grant subpoena authority in administrative hearings under the Food, Drug and Cosmetic Act.

4. Require warnings of accident hazards on labels for drugs, cosmetics, and pressurized containers.

5. End the practice of allowing pesticide manufacturers to market their products before they have been certified as safe by the Agriculture Department.

6. Grant the Federal Trade Commission authority to issue temporary cease-and-desist orders, subject to court review, when the FTC believes continuation of alleged false advertising or other unfair practices would irreparably injure the public.

7. Extend to over-the-counter stocks and bonds the same full disclosure requirements that now insure public release of financial data about securities traded on the stock exchanges.

Alabama Mayor Turns Away Six Negro Students

Cleveland School Board Agrees To Integrate Pupils

COMBINED UPI & AP

NOTASULGA, Ala.—Mayor Jack Rea today turned away six Negro students ordered admitted to an all-white school here, a white photographer was beaten into submission by police and an angry crowd of whites struck another newsman.

Rea's action set the stage for the first major school integration crisis to confront President Lyndon B. Johnson.

Six other Negro students entered the previously all-white school at nearby Shorter without incident but half of the white student body boycotted classes.

BUS STOPPED

Violence broke out at Notasulga when the bus brought the six Negro students. It was stopped and two local officers, one dressed in civilian clothing, entered the vehicle.

A young white man, identified as Vernon Merritt III of Birmingham was dragged kicking and yelling from the bus and beaten with clubs and a walking stick.

Merritt was identified as a photographer for Black Star publications and apparently had accompanied the Negroes.

The Negroes, driven by a Negro driver, were allowed to proceed to the entrance of the gray three-story building.

Rea stood waiting in the door flanked by the Macon County policemen.

PROGRESS MADE

In Clevelaid, Ohio, the school board agreed to integrate immediately 800 Negro pupils with predominantly white enrollments.

The Negro pupils are transported daily to three East Side schools from an overcrowded Negro area. Up to now they have been kept in separate classes.

Officials of the United Freedom Movement, a civil rights confederation, said the group would suspend all demonstrations pending a meeting tonight at which it will consider the board's plan.

TRANSPORTATION CRISIS

If the school board formally adopts the proposals, it would be at its meeting next Monday.

The crisis over transported pupils was the cause of demonstrations and violence the past week. Demonstrators who blocked some doorways and corridors in the downtown school board headquarters yesterday were carried or dragged from the building.

Paddy wagons hauled 20 demonstrators to Central Police station, where three were charged with obstructing an officer and two with assault and battery. All were later released.

War On Poverty Called Boondoggle

WASHINGTON (UPI) — The president of the U. S. Chamber of Commerce today called President Lyndon B. Johnson's war on poverty a "billion dollar boondoggle" designed to win votes rather than help the poor.

Edwin P. Neilan, a Wilmington, Del., banker and head of the chamber, said that while "everyone supports the purposes of the war on poverty," it must be a "real war, not a sham battle staged to cover the looting of the public treasury."

Neilan addressed the opening of the chamber's third annual association public affairs conference.

Hundreds Of Americans Quit Cyprus As Embassy Bombed

NICOSIA, Cyprus (AP) — An emergency airlift began removing hundreds of American women and children from this Mediterranean trouble spot today as anti-American violence continued on Cyprus.

Terrorists bombed the American Embassy in Nicosia Tuesday night, slightly injuring a Marine guard, then set ablaze two cars owned by U. S. government employees.

U. S. Ambassador Fraser Wilkins ordered a "voluntary" evacuation of American dependents to Beirut, Lebanon, explaining he no longer had confidence in the ability of Greek Cypriot police to keep order.

Archbishop Makarios, the Greek Cypriot president, inspected damage to the embassy and denounced the bombing as the work of "heinous criminals."

The terrorism appeared designed to demonstrate Greek Cypriot opposition to an American-British plan to assign a North Atlantic Treaty Organization peace force to enforce the truce between the island's warring Greek and Turkish communities.

(In Paris, the French government today refused to join an international peace-keeping force on Cyprus.

(A French Cabinet spokesman announced this following a Cabinet session with President De Gaulle.

(Information minister Alain Peyrefitte, the Cabinet spokesman, said the legal basis for a peace-keeping force would be the 1959 Statute of Zurich concerning Cyprus.

(Peyrefitte was referring to the conference at Zurich in 1959 between the Greek and Turkish premiers which ended fighting between the two Cypriot communities.

(The minister said France has not participated in drafting the Zurich agreement, and hence did not feel herself involved.)

In Washington, the State Department expressed shock at the "irresponsible" attack on the U. S. Embassy and urged Makarios to restore order and catch the culprits.

The United States took up its peacemaking role on Cyprus at the request of Britain, which has been unable to work out a solution to prevent revival of the communal violence in its former colony.

Wilkins said the burning of the cars appeared to be part of a "hit-and-run campaign." There were no reports of any further injuries.

Cpl. Henry Theriaque, 26, of North Windham, Conn., an embassy Marine guard, was cut slightly in the leg by one of the embassy blasts.

Two bombs exploded just under the windows of Wilkins' apartment in the modern, six-story embassy.

Chou Credited With Gains In African Tour

WASHINGTON (UPI) — American authorities said today Red Chinese premier Chou En-lai appeared to have scored some gains in his long tour of 10 Africans nations.

They added that it was too early, however, to tell what the long range results would be.

Chou left Somalia, the last stop on the trip which began Dec. 14, yesterday and was due back in Peking today after a refueling stop in Karachi.

U.S. authorities said his greatest immediate success came in East Africa where he and Emperor Haile Selassie of Ethiopia agreed to "normalize" diplomatic relations within the near future. Coming almost simultaneously with French recognition of the Peking government, this gave Red China a breakthrough on the international front with two nations highly respected in the past.

In 1962, the total meat consumption (beef, veal, pork, lamb and mutton) was about 163 pounds for each American citizen.

Near Blizzard Hits 5 Southwest States

By ASSOCIATED PRESS

Scores of towns and cities were isolated and traffic was paralyzed as a near blizzard swept ponderously through portions of five southwestern states yesterday.

Snowfalls of 6 to 25 inches were whipped into drifts of up to 10 feet in eastern New Mexico, southeastern Colorado, southwestern Kansas and the Texas and Oklahoma panhandles.

Thousands of cars and trucks and some buses dotted the sides of the highways and streets, abandoned by occupants now snowbound in motels and hotels.

Schools, offices and stores remained closed in many cities and towns.

Texas Gov. John Connally put Amarillo on an emergency basis and mobilized the National Guard for duty.

The heaviest snow was 25 inches in Borger, Texas.

The weather was blamed for four deaths in New Mexico and three in southeastern Texas.

Helicopters stood by today waiting for the weather to clear to join a search for two cowboys missing in the Texas Panhandle since yesterday.

A tornado struck near Eagle Lake in the Houston area.

Farmers welcomed the moisture, but stockmen were concerned about getting feed to their cattle.

Generally clear and fairly mild weather prevailed in most other parts of the nation.

GHANA'S ANTI-U.S. FEELINGS RUN HIGH

Police Protect Embassy During Protests; Demonstrations Beginning To Ease Some

ACCRA, Ghana (UPI) — The official government newspaper whipped up a campaign today to "damn the Yankees" and more Ghanaians staged protest marches in front of the U. S. Embassy. Police surrounded the building.

Today's demonstrations, however, were small and brief compared to a march yesterday by several hundred Ghanaians who hauled down the American flag. It was instigated by President Kwame Nkrumah's ruling Convention Peoples Party.

The headline in today's edition of the Ghanian Times, the official organ of the party, read "Damn The Yankees!"

An editorial said, "The Yankee gun-running attack has come to Ghana. Dopes and drunks who run the murder incorporated called the CIA (Central Intelligence Agency) are after the blood of Osagyefo (Redeemer) Nkrumah because he is the biggest thorn in their neocolonialist ambitions, because he is forging the path of socialism.

U. S. Ambassador William P. Mahoney personally lodged a protest with Foreign Minister Kojo Botsio.

U. S. officials were concerned about the wave of anti-Americanism, but they had no immediate plans to warn the American community to take any special precautions.

Monday night Nkrumah, in a nationwide speech, denounced malicious rumors "by evil men men and neocolonialist agents amongst us."

Last night the Evening News suggested that the "wicked capitalist murders" of former Congolese Premier Patrice Lumumba, former United Nations Secretary-General Dag Hammarskjold, and "anti-racialist" President John F. Kennedy had failed in two attempts on Nkrumah's life.

No casualties were reported in yesterday's demonstrations. The demonstrators fell back when Negro Emerson Player, an embassy officer, rushed out to defend the flag, grabbed the rope and ran the banner back up the staff.

Burglar Victim's Husband Dies

BROWNWOOD, Tex. (UPI) — Fred Turner, a multi-millionaire oilman whose wife was beaten to death by a burglar four months ago, died last night in a Brownwood hospital of a heart ailment. He was 68.

Turner was nationally known for his horse racing activities. One of his horses, Tomy Lee, won the Kentucky Derby in 1959.

A burglar killed Mrs. Turner Oct. 29 in the $750,000 Turner home in Midland, Tex. The accused killer, James Lee Marion, is now in a Lubbock jail cell awaiting a scheduled March 16 trial.

House Group Wants Safety Smoking Study

WASHINGTON (UPI) — A House agriculture subcommittee recommended unanimously today a multi-million dollar federal research program on how to make cigarettes safe.

The crash research program was supported both by public health authorities and tobacco state leaders during public hearings on the proposal last month. It was introduced after a government report citing the health dangers of cigarette usage.

"We need to clear up many things," said Rep. Harold D. Cooley (D-N.C.) sponsor of the proposal and chairman of the House agriculture committee. "Research will do it. We are going to see to it that people who enjoy smoking have maximum assurances of health."

Cooley says he does not challenge "statistics" in the recent public health service report, "Smoking and Health," on which an advisory panel based its conclusion that cigarette smoking can cause lung cancer.

A tobacco subcommittee also headed by Cooley sent a resolution authorizing the research program to the parent agriculture committee. Cooley said he expected the full committee to report it later this week for immediate house floor action.

GOP Leader Wants Baker To Tell About LBJ Stereo

WASHINGTON (UPI)—The of the Senate rules committee called on former Senate aide Robert G. (Bobby) Baker to say who gave an expensive record player to President Lyndon B. Johnson.

Don B. Reynolds, a suburban insurance agent who wrote $200,000 in life insurance policies on Johnson, said he gave the $584 set to then-Senator Johnson at the suggestion of Baker.

Johnson has said he understood it was a gift from "the Baker family," with whom he said the Johnsons had occasionally exchanged gifts.

But Sen. Carl T. Curtis (R-Neb.) said today "if the gift giving was done by Robert Baker and not by Don Reynolds the matter can be easily cleared up."

"Mr. Baker can appear," he said, "produce his cancelled checks, invoices and bank records and submit himself to cross-examination by the committee."

In a two-page statement, Curtis indicated strongly that he has no reason to question Reynolds' testimony.

"His testimony before the committee was forthright and convincing and he backed up documents," said Curtis.

Tam Unification Gets Backing

The two Leagues of Women Voters in Marin County has come out in support of the proposed unification of the Tamalpais Union High School District.

This decision was arrived at following morning-long discussion of the proposal at a meeting of the Central and Southern Marin Leagues at the Civic Center yesterday, with Mrs. H. J. Compton of Kentfield as chairman.

Following the discussion, each League met separately to come to a consensus which was, in both cases, overwhelmingly in favor of the plan recommended by the county committee on school district organization, presidents of of the Leagues announced.

HUCK

Antonio Junior College, in Los Angeles State College and at the University of Southern California where he had about three years of training in police administration.

He served in the Navy in Korea from 1950 to 1954.

He and his wife have two children.

Since 1956, he has been with the police department in Covina, a city of 20,000 in Los Angeles County. He worked up from patrolman to sergeant to captain, the post he now holds at a salary of $860 a month. He is second in command of a department of 55 men.

Brown said there were 45 applicants for the police chief job. They were given written and oral tests.

In hiring Huck, the councilmen set a range of $727 to $883 on the salary. After a six-months probation period, Huck's salary will go to the top of the range—$883, councilmen said.

Sgt. David Cooper, serving as acting chief, thanked the council for deciding on a good wage for the new chief. Councilmen thanked Cooper for his work as acting chief.

When the new chief takes over, Cooper, who has been getting added pay for his acting chief duties, will revert to sergeant's pay.

MONEY

Continued from page 1

Planning Commissioner Henry C. Hawkins said the county and other public agencies perhaps should slow down on purchases and work to develop the land already held. Much public land nearby is being damaged simply because it is not yet ready for public use, he said.

He cited as an example the problem over road access through private property to Limantour Spit, recently purchased by the federal government.

Commissioner William F. Upton countered that the need may be even greater to acquire land to protect future generations.

One of the greatest destroyers of open space, added Planning Commission Chairman Niels Schultz Jr., is low density development. He said that if open scenic areas are to be preserved, higher density development of populous areas must be encouraged. Otherwise he predicted, soon there will be no open space to view on the highway between San Francisco and Sacramento.

Nelson proposed the planning commission consider encouraging a new ordinance which would allow the county to levy fees for subdivision approval, with the money going for parks and recreation.

BRANCH BANK DESIGNED TO BLEND WITH REGION

Architects Neill Smith and Associates, who designed the Napa branch of Redwood National Bank, San Rafael, sought to capture a warm and informal effect by stipulating the use of materials indigenous to the area. Primary features are a broad, sheltering room lifted high on clustered columns of redwood timbers, offering an open and airy pavilion. The building, now under construction by D. M. Christensen Co., is scheduled for completion by May 1.

INCOME TAX FACTS

How State Looks At Householders

By P. J. WIKEL, C.P.A.

For California tax purposes you are a head of household if you are unmarried and you maintain as your home a household that is the principal place of abode of a son, stepson, daughter, or stepdaughter or descendant of a son or daughter or any other person who is a dependent. If your son, stepson, daughter or stepdaughter or descendant of a son or daughter is not married then you are head of household even though you are not entitled to a dependancy deduction for the son, stepson, daughter or stepdaughter or descendant of a son or daughter.

P. J. Wikel

In every other case you qualify as head of household only if you can claim the dependency deduction for the person for whom you are furnishing a home.

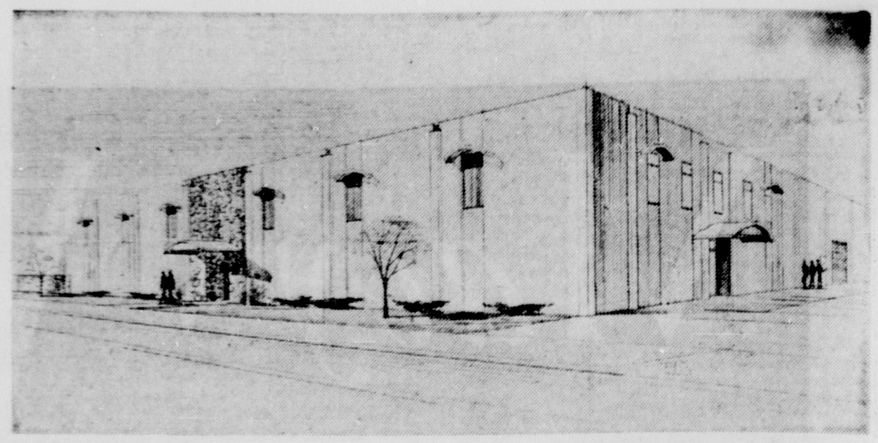

You may also qualify if you pay more than one-half the cost of maintaining a household for your father or mother if you can claim either one as a dependent on your tax return. It is not necessary that you yourself live at this same home.

Being the head of household is very important because your personal exemption then is $3,000 instead of $1,500.

You lose credit for the dependent of $600 but gain $1,500 in exemptions.

You do not use a special tax table as in the Federal.

The California head of household has a completely different tax effect than the federal.

ANNUAL AWARD of the California Council of Civil Engineers and Land Surveyors has been won by **George S. Nolte Consulting Engineers, Inc.,** of San Rafael and Palo Alto. The winning Nolte design, judged to be outstanding among large projects throughout California, is that for the 190-acre Lucas Valley development of **Eichler Homes, Inc.**

It is the second consecutive year Nolte and his staff have won recognition in land development engineering. Last year's award was for their Stone Lake community in Sacramento county. The firm recently opened an office in San Francisco. It has been named to engineer Eichler's proposed development on the Strawberry Peninsula.

AND SPEAKING of the latter, Eichler Homes' purchase of the 122 acres at Harbor Point and Harbor Isle does not wind up the sale of the former Neider properties which were bought last March by the **Milland Development Co. No New Fire Pact For Liquor Plant

Sausalito city councilmen, acting with spirit, voted last night not to renew the fire protection contract with American Distilling Co. which is outside the city. The contract has brought $3,750 into the city treasury annually.

Councilmen agreed that the city should not continue in the fire protection business and if the distilling company wants further protection it must get it by annexing to the city.

Haskell Titchell, attorney for the distilling company, somewhat dispirited by the council's stand, said he could not speak for his employers on the question of annexation.

He tried vainly to keep the contract for fire protection and the annexation issue separate.

"This contract should not be looked upon as a means of coercing or influencing a decision to join in the city," Titchell said.

He said the agreement with the city began in 1955 with an annual payment of $2,500. After four years, the payment was increased to $3,750. He said during this time, there have been two fire calls, one a brush fire and the other the disastrous blaze last May that destroyed one of the largest buildings and quantities of stored spirits.

With destruction of this building and decision by officers of the firm not to replace it, the risk at the distillery is lower, Twitchell argued.

"My principals sent me here seeking a lower rate," he said.

Mayor Paul Micou said the property should have become part of the city long ago. The city should have some say in the development of the area, he contended.

Councilman Michael Harris estimated the city would receive $10,361 in taxes each year if the plant were in the city—nearly three times the $3,750 fire contract payment. He said the agreement gives one owner special treatment.

Titchell said the contract is not due to expire until the end of this calendar year. He also said a written notice of termination must be given a year in advance.

Oroville Dam Work Faulty? Probe Called

SACRAMENTO (CNS) — The state senate has appointed a five-man subcommittee to investigate charges there is faulty construction on the Oroville dam project.

The charges stemmed from a recent newspaper story and pictures purporting to show construction was substandard.

The investigation had been requested by Sen. Stan Pittman (R-Oroville).

"I feel strongly that a full investigation is needed to clear the air," Pittman said. "Gov. Edmund G. Brown calls the charges 'irresponsible and erroneous,' and the department of water resources has entered a full denial, but the fact remains that the charges are extremely serious.

"The state cannot afford to take any chances whatever in respect to the soundness of the 102 million-dollar project," he said.

Members of the committee include Sen. Eugene G. Nisbet (D-Upland) chairman; Edwin J. Regan (D-Weaverville; and Harold T. Sedgwick (R-Marysville; and Howard Way R-Exeter). Pittman will cooperate with the subcommittee in its study.

North Marin School Units Merger Urged

The Novato Chamber of Commerce has endorsed unification of Novato Unified with San Jose Elementary School District.

The unification is urged in a resolution adopted Monday night by the board.

Unification of the two districts was proposed in a report by the survey firm of Booz-Allen and Hamilton after a three-month study last year. The same report proposed unification of San Rafael and Dixie Elementary School District. The San Jose district would be divorced from San Rafael High School District to become part of the enlarged Novato Unified district.

The Novato school board has endorsed the unification plan, but other board's involved have raised objections and no action has been taken.

The chamber board also set up a $150 scholarship for a graduating senior at Novato High School to attend College of Marin.

Dr. Leo A. Wagner resigned his position on the board of directors. No replacement was named for the year remaining of his term. Herman Horowitz was named a member-at-large of the board.

Lee C. Wise, membership chairman, reported 13 new members added during January.

An average of two dozen umbrellas are forgotten in New York City's subway cars each day.

SOPHOMORE FOULUP

Vote Check Defeats Tam High 'Winner'

Gary Fay of Strawberry was president of his sophomore class at Tamalpais High School — but not for long.

Yesterday morning the ballots in a runoff election were counted and Fay was victorious over Ernie Bergman. The two had tied on Jan. 24.

Yesterday afternoon it was found that some of the ballots had not been turned in to the survey committee and Bergman had won the election. (On Jan. 24, one candidate had been ahead when some ballots were found in a waste paper basket "ballot box". Count of them produced a tie. Election officials claimed they did not know which candidate appeared winner in the first count.)

Yesterday's "lost ballots" were declared invalid since the count had already been made; so another election was held today.

Said Fay, who lives at 208 Ricardo Road, after being dethroned: "It sure feels funny. I went skipping out as soon as I found out I was elected. We had a meeting right away, elected officers and I started working on fund raising, one of the things I had been pushing throughout my campaign. It's strange when you are president and then find out you are really not."

Home-Buying Panel Due Marin City

Problems of home buying in Marin County will be discussed by a panel of four at 8:15 p.m. next Wednesday, in the Marin City lounge.

Panelists are Richard Allen, attorney for the California Development Co.; Charles Henderson, Novato contractor; Elaine Blair of Tankersley Realty, San Rafael, and Robert B. Pitts, of the U. S. Housing and Home Finance Agency.

The panel will discuss home availability, price range, loans, credit standing, property tax burden and income tax benefits of home owning, according to Mrs. E. F. Pierce, chairman of the sponsoring Citizens Advisory Committee on the Development of Marin.

Florette Pomeroy Named To Sausalito Planning Group

Sausalito City Council last night appointed Mrs. Florette W. Pomeroy, 53, of 67 San Carlos Avenue, to fill a vacancy on the city planning commission.

Mrs. Pomeroy, a resident of Sausalito since 1957, is executive director of the United Community Fund in San Francisco.

A native of Seattle, Wash., she is a graduate of Mount St. Mary's College and holds a certificate of law from Loyola University. She has done extensive work in Europe for the United Nations in tracing missing persons and refugees.

She was a member of the Fulbright Commission for Austria in 1948-50.

She fills the post left vacant for almost three months by the resignation of Eric Barnett.

In other appointments last night, councilmen named a three-man architectural advisory commission, created by the recently adopted zoning ordinance. Members are architect Glenn R. Peterson and planning commissioners Walter V. Guthrie and Roy Starbird, also an architect.

Red Drive In Mexico Seen

BUENOS AIRES (UPI) — An orthodox prelate who has devoted his life to the fight against communism predicted today the reds will soon launch a drive against the Roman Catholic Church in northern Mexico.

In an interview, Bishop Alexis Pelypenko said the Communist campaign will begin in and around Monterrey, Torreon and Chihauhua. He said printing plants in Peking and in Mexico itself already are running off Spanish-language instructions for anti-church activity.

The campaigners will urge the setting up of "national" churches like that set up in Brazil some years ago, on the theory that it will be possible in that way to undermine the church's close ties with the vatican.

Minor damage to the San Rafael Library roof during the latest major rainstorm has been repaired, Mrs. Vivian Smith, head librarian, reported to the San Rafael Library Board Monday night.

ECUMENICALLY SPEAKING

Archbishop Joseph McGucken (left), Roman Catholic prelate, chats with Episcopal Bishop James A. Pike at a San Francisco banquet last night which highlighted a three-day Episcopal convention. State Budget Might Climb To $7 Billion

SACRAMENTO (AP)—California legislators, with trouble enough for now, can look ahead to a possible need for new state revenue next year and annual budgets climbing to the seven-billion-dollar level in the next decade.

That's the sizeup of statements by Finance Director Hale Champion and Legislative Analyst A. Alan Post.

Champion acknowledged that the 1965-66 budget may be out of balance. But he said he didn't foresee anything like the 200-million-dollar gap predicted by the California State Chamber of Commerce.

Gov. Edmund G. Brown, in submitting his 3.66-billion-dollar budget to the legislature Monday, declared it required no new taxes. He has said that, with the tax speedup voted by the 1963 session, the state can get by without further levies until at least June 30, 1965.

His finance director said that what Brown proposes next year depends on possible increases in tidelands oil revenue and on whether the governor decides to renew his effort to enact income tax withholding.

The pay-as-you-earn system would bring in an additional 50 million dollars a year, by Champion's reckoning.

Post, appearing before a joint session of two legislative committees, pictured the state's general fund spending alone souring from 2.29 to 4.50 billion dollars a year by 1974.

Addition of special fund and capital outlays would bring the total to seven billion dollars, at a minimum.

Post told the Assembly Ways and Means and Senate Revenue and Taxation committees:

His figures assume a 2.5 per cent pay boost annually for state workers, and 1.5 per cent increases in prices paid by the state.

Education costs will rise by 55 per cent in the next decade —to almost two billion dollars. Welfare expenditures will rise, but only in direct ratio to the growth in population.

Both houses of the legislature expect to recess today until March 2.

Sea Victims Off Mendocino Saved

EUREKA (AP)—A Coast Guard helicopter began picking up survivors at 10:45 a.m. today off Cape Mendocino where winds wrecked a Seattle yacht carrying a woman and 10 men.

First reports by the helicopter did not specify whether all 11 had abandoned ship.

The yacht, the Hattie D, had been in a sinking condition since shortly after 5 a.m. after it stove a hole in the hull, presumably by hitting a sunken log.

Bedroom Fire Causes $6,000 In Damages

Fire at 8:52 a.m. today in a rear bedroom of a home belonging to Mrs. Victor Jones at 295 Union Street, San Rafael, did $5,000 smoke and structural damage and about $1,000 damage to clothing and furniture.

Occupants were Gene Petty and Larry and Francis Kenyon. Firemen said the fire may have been caused by a discarded cigarette. A child saw the smoke and ran into a neighboring home where occupants called firemen.

Bolinas Post Backs Boys State Again

Sewer Action Delayed

TENNESSEE PLAN PASSED BY BOARD

Supervisors Reluctantly Approve Joint Experiment By Planners, Building Firm

The Tennessee Valley master plan, a joint experiment by Goheen Development Co. and the Marin County Planning Department, gained reluctant approval yesterday from the board of supervisors.

The experiment is to find whether quarter-acre lots can be developed on steep hillsides without ruining the landscape. Principal Planner Rowland Darnell explained the proposal allows no grading on the wooded hillside near Tennessee Valley Road, except for the road to serve the lots.

Darnell said that the houses would not be placed on level pads, but rather be built on the slope, an unusal feature for lots as small as those proposed. He said the developers had claimed larger lots would make the subdivision infeasible.

"Obviously," said Planning Director B. D. Dobbs, "our purpose was to put the developer on the spot. If the development is not a good one, it will affect the zoning on the rest on the land in the area."

"It looks to me like this thing is going to be cut to shreds," commented Supervisor Byron W. Leydecker.

Darnell said the road width in places would be cut to 18 feet, to keep grading to a minimum. He remarked that many parts of Marin County have similar terrain.

The board approved a change in insurance benefits for county employees, bringing life insurance coverage up $500 to $3,500, but also asked for a study of the county life insurance benefits.

The increase was made possible, without raising premiums, according to Auditor-Controller Michael Mitchell, because of increased membership in the plan.

The insurance study was asked by Leydecker, who expressed concern on learning that survivors of county employees with less than 10 years service get little in the way of pension benefits. He said he did not want to see the county supporting survivors of its deceased employees on the relief rolls.

The board approved a transfer of $1,500 from reserves to pay attorneys who handled criminal cases in Municipal Court. A new law provides for pay for these lawyers, who in the past have handled such cases free on a rotating basis.

Bruce said conferences were scheduled with Municipal Court judges to help decide on a policy for payments.

$1,281,000 For Sonoma State College

A total of $1,281,000 is set aside in the new state budget for operation of Sonoma State College in the 1964-65 fiscal year.

This represents a 28 per cent increase in cost over the $995,000 expected to be spent during the current fiscal year. Meanwhile, the student enrollment, now at 460, is expected to hit 750 in 1964-65, a rise of 63 per cent.

The new state budget also allocates $4,657,600 for capital outlay to build new buildings and provide equipment on the Sonoma State campus, located near Cotati.

The building program calls for $276,000 for a boiler plant; $107,000 for equipment; $2,-296,500 for a music classroom building; $850,000 for a cafeteria; $322,500 for outdoor physical education facilities; $1,755,600 for site development; and $50,000 for a corporation yard.

An enrollment of 1,340 regular students including many from Marin is anticipated by 1967-68.

Possible Sewer Line Cut Reported

The Corte Madera Sanitary District board last night heard that construction of a median barrier by the State Division of Highways along Highway 101 might cut two sewer lines.

The board awarded the contract for a rotary air compressor to Allis-Chalmers Mfg. Co. at $2,461.10.

Maintenance Supt. John Comes reported bids could be called in April for replacement of sewers on Seminale Avenue, Madera Boulevard, and Summit Drive.

HOUSING BILL BALLOT LIKELY

Petitions To Nullify Rumford Measure 'In With More Than Enough Signatures'

SAN FRANCISCO (AP) — It won't be official for 20 days yet, but all indications are that Californians will decide at the ballot box next November whether they want to keep the state's Rumford Act, which bans discrimination in the sale or rental of most housing.

Petitions to put a nullifying initiative measure before the voters were filed in countries throughout the state yesterday and backers of the measure claim the signatures will total between 650,000 and 700,000.

Signatures of 468,259 qualified voters are needed to put the measure on the November ballot. Eleven of California's 13 largest counties reported an estimated 295,723 signatures were filed by yesterday, the deadline. The sponsors claimed another 389,527 signatures in Los Angeles County, which would mean more than enough to put the issue to a vote.

Registrars will have 20 days to verify the signatures reportedly filed in all 58 California counties. If there are not enough names after this first check, the sponsors of the petitions, an organization called the Committee for Home Protection, will have until March 19 to collect more signatures.

Members of the Committee for Home Protection include the California Real Estate Assn.; the California Apartment Owners Assn. and representatives from several other real estate groups.

Marin Unofficial Total Is 1,735

An unofficial total of 1,735 signatures of Marin residents was filed with the county clerk yesterday for the anti-Rumford Housing Act initiaitive.

The signatures, filed on 151 separate petitions, were submitted by Mrs. Patricia Gerstner of 163 Via La Cumbre, Kentfield, Marin County chairman of the Committee for Home Protection.

Within the next 10 days, County Clerk George H. Gnoss will certify the number of qualified signatures from Marin to Secretary of State Frank M. Jordan.

The brothers, who qualified for electronics training, enlisted at the Air Force Recruiting Office in San Rafael this week and were sent to Lackland AFB, Tex., for basic training. Sergeant Radliff formerly was at Hamilton AFB and the sons have spent most of their lives on and around Air Force bases, including two overseas trips. Robert is a graduate of San Rafael High School and Ronald attended College of Marin.

Senate Rejects Tax Cut For Low Incomes

WASHINGTON (AP) — The Senate rejected today 71-23 an amendment by Sen. Paul H. Douglas (D-Ill.) designed to revise the 11.6-billion-dollar tax cut bill to give a greater share to low-income families.

He proposed to increase the new minimum standard deduction feature in the bill to give an additional 960 million dollars of tax relief to such families.

Son-In-Law Held In San Pablo Slaying

SAN PABLO (UPI) — Police today described a 22-year-old Richmond man as a "suspect" in the suffocation death of Mrs. Amanda Stapleton, but stressed that the investigation into the Jan. 27 slaying was continuing.

The man held is James L. Keith, son-in-law of the dead woman. Officers said that Keith underwent a lie detector test Monday night and then voluntarily committed himself to the Contra Costa County Hospital in Martinez for mental tests. Further questioning of Keith will be done in the presence of a psychiatrist, police said.

Mrs. Stapleton, wife of a San Pablo police sergeant, was killed early in the morning while her husband was on duty. Keith, who lives eight blocks away from the Stapleton home, is married to the Stapletons' daughter, Betty.

Keith and his wife drove Mrs. Stapleton home about 1:45 a.m. on the day she was slain. Her body was found at 3:10 a.m. by her son, Jack, 20, a guitarist, when he returned from a musical engagement.

MORE THEY STUDY, MORE THEY DRINK

ROCHESTER, N.Y. (AP) — The more education an American has, the more likely he is to drink, says Robert W. Jones, assistant director of the Center of Alcohol Studies at Rutgers University.

Well over half of the people with only an elementary education drink, he said last night. Approximately 70 per cent of the people with high school educations drink and among college graduates, Jones said.

Teen-agers generally follow the example of the parents, drinking if they do, Jones said, and added that most American drinkers start at the age of 16 or 17.

Vietnamese Students Fight In Street

SAIGON, South Vietnam (UPI) —Vietnamese students demonstrated today against the new military regime for the second consecutive day. The protest was confused and fist fights broke out among some students arguing about its purpose.

Police formed a locked-arms cordon around a group of about 50 brawling youths to prevent the disorder from spreading. The mob was persuaded to disperse by a government sound truck.

Ark Dwellers Ask No Sewer Lines

Ark dwellers from Richarson Bay asked the county board of supervisors yesterday to buck the regional water pollution control board and allow houseboats to have chemical toilets, rather than forcing them to hook onto shoreline sewers.

James Healy asked for a change in county ordinance 1313, the ordinance requiring ark dwellers to hook to a line by July or to leave the Marin shoreline.

Healy said new chemical toilets could be installed on houseboats which would be as efficient as any sewage treatment plant. He said that the ark dwellers would be willing to pay for a bonded detective agency to periodically check the toilets, relieving the health department of a policing job.

He said he believed county sanitation director William Desmond would go along with the propsal, but said the main problem was the water pollution control board.

Healy claimed cost of connection to a sewer line was prohibitive, especially since the ark dwellers have no leases but rent spaces along shore from Landowners on a month-to-month basis.

Supervisor Byron W. Leydecker said the landowner should provide the sewer for his tenants. Healy said landowners have refused.

Another ark dweller, Dean M. Jennings, said the landowner was merely waiting a chance to develop the area differently, and ark dwellers would have to move eventually anyway, making amortization of the sewer line impossible.

Public works director Donald R. Frost asked time to study the devices proposed as substitutes for sewer connections. He said the building inspector would also have to consider the problem.

The board set a hearing on the matter for Feb. 25, and asked that Desmond and representatives of the pollution board and the Sausalito-Marin City Sanitary District be present.

Sausalito Library Funds Questioned

Members of the Sausalito Library Board and the Sausalito City Council discussed last night who has the right to do what with library funds.

No firm conclusion came out of the meeting. But Mayor Paul Micou told commissioners the council wanted to be better informed on what is going on.

Last fall the council learned the library was overspending its budget at the rate of about $1,000 every three months. Further investigation revealed that the library board had taken money from the book purchase fund to hire a fulltime assistant. The budget approved last June by the council called a half-time assistant.

News of this, Councilman Michael Harris said, was "of course, a disquieting experience" to the council. He argued, and Councilman Carl W. Gabrielson agreed, that the library board should follow the budget and if there is to be a major change, it should be proposed to the council.

Library Commissioner Justin M. Herman argued that the council would be treating the board "just like another city employee" if it called for close supervision of everything.

Gabrielson said that all are agreed that a new library will solve many of the problems and the sooner the city can get it the better. He got no argument on this.

The Sausalito City Council Also:

1. Heard a report from the recreation commission suggesting a $790 summer recreation program that would provide a sports director and an art director from June 29 to Aug. 20. Councilmen delayed action until budget considerations begin.

2. Heard from City Engineer B.J. Whitlow that it would be too costly to cut away the dangerous hump on Alexander Avenue at Edwards Avenue and too costly to change the sharp curve from Alexander to Second Street. But he said a deceleration lane could be added in front of the Cote d' Azur apartments to ease some of the dangers in the southern approach to the city. Councilmen ordered further study of the proposal.

3. Accepted San Rafael contractor Robert S. Miller's low bid of $68,477 for the city's second firehouse, to be built on Spencer Avenue near Highway 101. The bid, $15,477 above the architect's estimate, was accepted on the recommendation of architect George Rockrise, who said major changes and much delay would be necessary to substantially lower the cost.

4. Ordered Whitlow to prepare street grade and drainage studies for Marinship from the Big G Market north to the city limits to guide property owners in developments. Whitlow estimated the study at $1,000.

5. Adopted a schedule of fees for city permits which set variance filings at $25, conditional use permits at $50, and calls for deposits of $100 to cover city service charges and fees ranging from $10 to $25.

6. Adjourned until Feb. 18 in memory of landscape architect Herman E. Hein of Mill Valley who died Saturday. He had donated work to the city for landscaping on Bridgeway.

School Issue Arguments Due Feb. 21

Arguments for or against the issues in elections to be held April 14 in San Anselmo and Ross School Districts must be submitted to the county superintendent of schools by Feb. 21 to appear on statements sent out with sample ballots.

San Anselmo voters will decide whether to issue $700,000 worth of bonds and seek a $500,000 state loan for purchase of school sites and construction of buildings.

Ross voters will vote on a proposed $400,000 bond issue and an increase in the maximum general district tax rate from $2.20 to $2.70 per $100 assessed valuation.

Statements must be in writing, less than 300 words. The school board, organized groups and individual voters may make statements, and one will be accepted for each side of the issue, said County Supt. Virgil S. Hollis.

Air Negligence Suit Settled

SAN DIEGO (UPI) — A Navy widow and the McDonnell Aircraft Corp. of Maryland have agreed to settle a $600,000 negligence suit for $75,000.

The agreement was approved in U.S. District Court yesterday by Judge Jacob Weinberger.

Of the settlement, $60,000 will be put in trust for Mrs. Marian Jane Kozel's four children, and the rest will go to the widow.

Mrs. Kozel's husband, Lt. Cmdr. William J. Kozel, was killed when his F-3H jet crashed after taking off from Miramar Naval Air Station Jan. 4, 1961.

The suit alleged the safety seat ejection aboard failed to work properly because of negligence in its manufacture.

Mississippi Warrant Jails Freed Inmate

Convict Robert Cleveland Grady walked out of San Quentin Prison yesterday a free man—he thought.

He was met at the prison gate by Sheriff's officer Leo Ballard with a warrant for his arrest as a fugitive from Mississippi.

The 29-year-old Negro is wanted in his home state on a grand jury indictment from Lee County charging burglary and larceny.

"I haven't done anything, and I won't go back," Grady said today.

He was discharged from San Quentin after serving a three-year sentence for grand theft in Oakland. The Mississippi indictment was filed last May 21. He was held today in Marin County Jail on $5,500 bail, awaiting a hearing on extradition.

Grady appeared before Judge Joseph G. Wilson in Marin Municipal Court and the public defender was appointed to handle his case, scheduled for further court hearing later today.

Detailed studies show that a marked warm spell generally takes place across most of the United States and southern Canada around the third week of January.

Larger San Anselmo Classes Are Predicted

Classes in San Anselmo School District may have to be larger next year because of insufficient number of classrooms, Supt Stephen L. Parodi last night told the board of trustees.

Sixth graders now at Wade Thomas School would normally move on to Isabel Cook and Brookside Schools. Present fourth graders at Yolansdale would also normally go to Cook or Brookside.

"But there is no more room at Cook and Brookside," said Parodi. He said it maybe necessary to compress four classes into three at both schools.

Other possibilities would be to rent space, provide portable rooms, rent a house near Brookside, or use multi-use rooms, the superintendent said.

The problem of space will be discussed again at the next board meeting Feb. 18.

Parodi reported that landscape architect William Kapranos will be chairman of the Citizens Committee for Schools, which will work for a bond and loan election coming up on April 14.

The school district seeks a $700,000 bond issue and a state loan of up to $500,000. The money would be used to start the new Red Hill School and make additions to Hidden Valley and Sleepy Hollow Schools.

Kapranos and his committee will meet at 8 p.m. Monday at Isabel Cook School. "We urge parents to attend the committee meeting," said Parodi.

A report on the foreign language program was made by Mrs. Helen Schweiter, French teacher. She brought 21 pupils to demonstrate the teaching of French.

The trustees authorized Parodi to look for another half-time teacher of French, a half-time teacher of vocal music, and a librarian to coordinate school library activities for the district.

3 Hurt As Car Flips On Waldo

Three persons were injured when a car struck the median strip of Highway 101 and rolled over several times on the Waldo Grade three-tenths of a mile north of Spencer Avenue, at 12:40 a.m. today.

Driver of the northbound car, Ronald Jeffery Sims, 20, of 960 Greenhill Road, Homestead Valley, was treated at Marin General Hospital for bruises on his back and a puncture wound on his left leg.

Passenger Fred S. Wakida, 21, of San Mateo was treated for a scalp cut and multiple cuts on both arms, and passenger Victor Oliver, 19, of St. Albans, N.Y., was treated for a bruised back.

PRETTY GOOD REASON TO QUIT SMOKING

INDIANAPOLIS (AP) — Jess E. Wright, 43, lighted a cigarette and almost drowned.

Driving along Fall Creek Parkway yesterday, Wright took a deep drag, choked and fainted.

His car ran over a curb, rolled down a bank and went into the creek.

"The next thing I knew, my hand was dangling in water," Wright said.

He waded ashore, unhurt and vowed: "I'm giving up smoking."

Alas, Poor Nellie Flips In Vain

NICHOLASVILLE, Ky. (AP) — Mrs. Nellie Stinnett always has disliked gambling.

Twice straight she lost the toss.

Mrs. Stinnett still dislikes gambling.

Mystery Artificial Right Leg Found In San Rafael Canal

An artificial leg, found floating in San Rafael Canal, set off speculation today that the owner of the leg might have drowned.

San Rafael police noted, however, that the two-piece artificial right leg could have been discarded. Police have received no report of a missing person.

Steven David Cantor of 520 Canal Street, apartment 10, told Lt. Lincoln M. Borba he saw the leg floating in the canal near his home and fished it out.

Borba recalled that an artificial leg had been stolen from Lyndon's Marin Othopedic Co. a few months ago. But owner Joseph Edward Lydon said this was not the stolen limb.

Lydon told investigators the artificial leg seems to be about two years old. Since it would cost $350 to $400 to replace, it is unlikely that the owner would discard it, he said.

Lydon estimated the owner would be 5 feet 7 or 8 inches tall, weigh 140 pounds, and wear size 7½ or 8 shoes.

The artificial limb, which extends all the way to the hip, is a suction type. Lydon explained that suction could be lost in water, and a man who fell in the canal might lose the leg.

Terra Linda Rec To Meet Tonight

Directors of the Terra Linda Recreation and Parks District tonight will discuss whether to circulate a questionnaire on possible cultural activities the district might provide, and will review the joint program with the community services district for a newsletter.

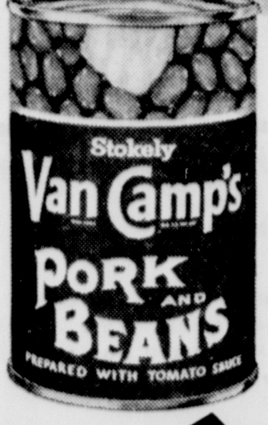

At the meeting, set for 8 p.m. at the community center, the board will also review the creative dance program and hear a report on improved lighting for the Woodbine entrance to Del Ganado Park. A salary increase for the district's secretary-clerk will be discussed.

SOMETHING'S WATCHING NOVATO CARS

The Novato police department yesterday received its radar license from Federal Communications Commission and will immediately put the radar unit into use in traffic control, announced Police Chief Robert Di Grazia.

The Novato City Council authorized purchase of the radar traffic control unit last November. The unit was used before Christmas to issue warning citations, but could not be used in citing speeders until the FCC license was obtained, Di Grazia said.

Suburb Wives Arrested As Call Girls

MINEOLA, N.Y. (UPI)—A sordid tale of sex in suburbia unfolded yesterday with the arrest of 13 women, most of them married, on charges of helping to finance their split-level existence by working as part time call girls.

Dist. Atty. William Cahn said more arrests were expected in Nassau and Cuffolk counties on Long Island.

Arrested in the roundup was one woman who allegedly earned $30,000 in one year and who was named by police as the "madam" of the suburban ring.

HOTEL CLERK HELD

Also arrested was Richard Dina, 30, a New York City hotel clerk, on charges of procuring for prostitution.

Cahn said some of the women arrested were living with their husbands and that one husband sat home and took care of the children to enable his wife to take part in the illicit profession.

He described the women involved in the operatilon as typical housewives.

Cahn said many of the women had turned to prostitution to help their husbands meet the high price of suburban living.

Cahn said the women took their "dates" to motels and charged from $25 to $100.

TRACK UPPED VOLUME

"The activity of the girls always increased during the trotting season at Roosevelt Raceway," Cahn said.

Cahn said that 75 detectives had worked on the case after his office received a tip from a Long Island newspaper.

The detectives took photographs and in some cases phones were tapped.

The district attorney said that more than 200 wealthy businessmen who made regular dates with ring members would be brought before a grand jury to testify.

Proposal Would Control Milk Vitamin Claims

SACRAMENTO (CNS)—The state department of agriculture has proposed the adoption of a regulation requiring milk distributors to live up to claims on how many vitamins they add to milk.

The department will hold a hearing in Sacramento March 26 to consider the new regulation. A. E. Reynolds, chief of the bureau of dairy service, said investigations had shown some distributors have been lax in adding sufficient vitamins to their milk to conform to their advertised guarantee. In other cases there have been more vitamins than claimed.

The regulation would authorize the department to collect samples of vitamin-added milk, with costs of the collection and analyses charged to the distributor.

The Santa Fe Trail had several starting points in Missouri — Franklin, then Independence and Westport. It ran southwesterly across Kansas.

Fairfax Pavilion Job Under Consideration

The Fairfax Park and Recreation Commission last night considered the possibility of remodeling the Fairfax Pavilion into a revenue-producing facility.

Commissioners agreed to seek a special meeting with the city council on the proposed remodeling.

Chairman Peter Arrigoni Jr. said the pavilion has "great potential as a revenue producer" and could bring in money toward the park and recreation budget.

The pavilion, which has been used for after-school recreation and weekly dances for teen-agers, could be remodeled to accommodate wedding receptions and meetings of large groups, Arrigoni said.

"We thought we would ask the council to include the proposed remodeling in its feasibility study now going on," he said. Roger F. Hooper and Associates, architects, are preparing a feasibility study on the remodeling and expansion of city hall including police and fire headquarters.

The pavilion building is sound, but rest room and heating facilities woulld have to be brought up to standard and fire walls constructed, Arrigoni said.

The commission also approved construction of rest room facilities and the installation of six benches and tables and three barbecue pits adjacent to the Andy Peri Memorial playground at Fairfax City Park, Bolinas and Park Roads.

Mill Valley Mayor To Shun Panel

Mill Valley's mayor and vice mayor will not appear on a panel discussion Feb. 13 sponsored by the Citizens Committee for Good Government.

Mayor Joseph E. Sheeks said today he will be unable to attend because of another engagement, and termed the affair "essentially a political revival meeting."

"I think we all understand what it is you seek to revive —or exhume," he said, apparently referring to the ouster of former City Mgr. A. E. Almcrants by the city council last December.

Vice Mayor George D. Monardo, also invited to sit on the panel, turned down the invitation due to a prior engagement, he said.

"The panel will go on as planned," said Robert R. Laughead, co-chairman of the committee, today. It will be at 8 p.m. at Park School.

"We intend to get two other panelists, either neutrals or representing the council's side," said Laughead.

To be discussed will be the William R. Zion report dealing with council-city manager relationships, "secret meetings of the council," and the future of Mill Valley in terms of growth and taxes.

Robert D. Huber, former mayor, and Mrs. Elizabeth Rodman, former councilman, are panelists from the citizens committee.

Sheeks, in a letter to the committee suggested that members of the citizens group attend the newly-inaugurated citizens forum held at 7:30 p.m. before each council meeting.

"I feel," he wrote, "that the availability of all the council on a regular basis at these sessions will be of substantially more value to those interested in learning more about their city government than an isolated debate such as you have proposed."

Scooterist Injured Hitting Parked Car

Bain Smith, 20, of Carmel was in "good condition" today at Marin General Hospital after he reportedly lost control of his motor scooter at 4:55 p.m. yesterday and ran into the parked car of Herbert W. Beckman of 591 Sausalito Boulevard, Sausalito.

Smith suffered cuts on his chin and right forearm and numerous bruises. Beckman lives at 596 Sausalito Boulevard.

8 Marin Students In YMCA Model Legislature Friday

Eight Marin County high school students will take part in the model legislature sponsored by the YMCA in Sacramento Friday.

The Marin delegates will back a proposed bill to amend narcotics laws relating to the amount of allowable narcotics used in rehabilitation of addicts.

The eight are Judy Hartman, Sherri King and Terry Thomas of San Rafael High School; Delanie Secor, Al Otto, Tom Sather and Bill Niccolls of Redwood High School and Jim Johnston of Sir Francis Drake High School.

Mrs. Dorothy Swendeman of the Marin YMCA staff will accompany the Marin delegation.

'San Rafael Mardi Gras' Being Planned By Chamber

A spectacular two-day festival in San Rafael for Sept. 18 and 19 has been planned by the San Rafael Chamber of Commerce.

Designed as a promotion to aid San Rafael merchants, the event is temporarily being referred to as "San Rafael Mardi Gras." It envisions a colorful street parade down Fourth Street, a professional carnival on B Street, a torchlight parade of boats, boat show, boat races, water skiing contest, antique auto show and other events to be added as plans are formalized.

A "Miss San Rafael" and a "Miss Teen-age San Rafael" will be chosen during the festival. Trophies will be awarded to winners of several events.

Special retail promotions throughout the San Rafael area will be held.

Harold S. Elberg, chairman of the chamber's organization and finance committee, said the festival will not be confined to chamber members.

"We will provide counseling for the various trade, business and professional groups who wish to participate, and bring them together," he said. "With about 1,400 merchants in the area the festival can be self-supporting — no fees to the public of any kind. We do not wish to overdo it. If we can keep things busy for the two days we will be satisfied. After that we will analyze it and decide how far to go next year."

Robert W. F. Severin, chamber president, said the San Rafael Mardi Gras will represent "the big Marin endeavor of the Chamber of Commerce for 1964."

Glenwood Group Supports Bonds

Directors of the Glenwood Homeowners Assn. last night backed the San Rafael Elementary School District's $3,970,000 bond issues to be voted upon Feb. 18.

"We realize the need for passage and we're going to work with the citizens' bond committee," reported B. R. Rockwell, association president.

Directors also agreed that efforts to have the Victor Jones Park at Robinhood and Maplewood drives developed would be given top priority in the association's 1964 program.

Move Made For School Water Line

The North Marin Water District board last night voted to form an assessment district to provide water service to the school line and Crest Drive area north of Black Point.

The total project amounts to approximately $210,000. The district agreed to pay $60,000, with $150,000 to be paid by owners of the 331 acres involved, said Jerome B. Gilbert, district manager.

After resolutions are prepared for the next meeting, there will be two public hearings at which owners of 51 per cent of the property could stop the formation of the district, Gilbert said.

"I have no worry about that because we already have signatures of 70 per cent of the property owners," he said.

The board authorized Gilbert to try also for an assessment district to improve Vallejo Avenue near the water district office.

An agreement for Novato Fire District to use the water district's tank site at the end of Hayden Drive for a radio antenna was approved by the board.

Promotional Mail Taunts Inspectors

MIAMI BEACH, Fla. (AP) — As a promotional gimmick, the Florida Development Commission mails coconuts to travel and sports editors throughout the United States.

Each label, pasted on the coconut, tells postal inspectors, "This coconut may be opened for postal inspection if the postmaster is thirty or hungry."

LEGISLATURE HONORS LATE I-J EDITOR DAY

The California State Legislature today honored the late Chapin A. (Chip) Day of the Independent-Journal for his unimpeachable integrity in his long journalistic career.

Day, associate editor of the I-J, died of cancer last Dec. 16.

The state Senate this morning passed a resolution in his memory. Senate Minority Leader John F. McCarthy (R-San Rafael) sponsored the resolution, with Marin Assemblyman William T. Bagley as co-sponsor.

Senator McCarthy reported from Sacramento that all 40 senators had signed the resolution, which will be presented in the form of a scroll to Day's family in San Rafael.

"Chip Day's steadfast impartiality and his indomitable courage are an inspiration and a challenge to all," the resolution states.

will occupy a 30,000-square-foot store in the southwest corner of the shopping center.

Hastings Northgate store will be number nine in its chain. Two stores are in downtown San Francisco, two in Sacramento, and others in Oakland, Palo Alto, San Jose, and San Mateo. Hastings will occupy a 12,000-square-foot store in a building that extends south from the Emporium at the northeast corner of the center.

The stores will probably be opened late this year or early in 1965.

The Dominican Republic mills more than a million tons of sugar a year, in addition to growing huge crops of cacao beans, coffee, rice, peanuts and tobacco. Cattle raising also is a big industry.

Rezoning Granted But Apartments Denied

San Rafael Planning Commission last night approved planned community zoning for 82 acres of Draper Companies property in the Northgate area of Terra Linda.

But the same planning commissioners rejected a use permit for 1,200 apartments proposed in the area.

Both actions came on split votes before a crowd that packed the city council chamber, after more than two hours of heated debate. The land in question is between Nova Albion Way and Northgate Drive.

The commission approved the zoning for the area, which has been unzoned by 4-to-3 vote, on motion of Orlando Conti. Opposed were Fred Robbins Jr., Charles J. Hendrickson, and Thomas O'Toole.

The zoning must go to the San Rafael City Council for final action.

The use permit for the 1,200 apartment units was rejected 5-to-2 on motion by O'Toole and a second by Robbins. Carl S. Brown and Conti dissented.

The majority of the commissioners decided that the density (14.5 units per acre) is too high.

Draper Companies plans to put up four apartment buildings 80 feet tall, and others of three-story frame construction.

Robert F. Loberg and Jud Klein, representing the Terra Linda Property Owners Assn., spoke in opposition to the use permit.

The planning commission also granted architectural approval to the following:

One apartment unit over a carport at 1223 Grand Avenue for Mario Delchini, addition to Lady Baltimore Bakery at 1914 Fourth Street, and a proposed United California Bank building at Third and Cijos streets.

BOAT

firemen arrived. They used a portable pump, which takes water from the bay, to fight the fire since they could not get the fire truck close enough.

Firemen also doused a fire on a piling near Marinship Yacht Harbor, started by the boat fire.

Yngvar Jensen, Clipper Yacht Harbor harbormaster, said, "If there had been a strong wind, many boats could have been burned."

Frye Row Brings Lagunitas Crowd

With one member facing a recall move, the Lagunitas School District board held its regular meeting last night before a crowd of 100 persons.

Board chairman Glen E. Twitchell said the majority of the crowd appeared to be backers of Mrs. Georgette Vilas, the trustee facing recall.

Petitions for recall of Mrs. Vilas began circulating last week. This came in the wake of a 3-to-2 vote by the board to accept the forced resignation of Supt. Clifford E. Frye.

The petitions do not mention Frye's resignation but only refer in general terms to Mrs. Vilas's alleged failure to respond to the wishes of the majority of the taxpayers.

Mrs. Vilas said last night she had no intention of changing her stand on accepting Frye's resignation.

Trustees appointed Twitchell and trustee Leslie S. Stone as a committee to seek an impartial evaluation of Frye's work as superintendent. Trustees agreed to such a study two weeks ago, but no action had been taken until last night on obtaining a review. The review will be either by a group of school specialists or an individual.

Trustees approved a brochure to be mailed to school districts throughout California seeking an applicant for the most of superintendent, which will become vacant July 1 on expiration of Frye's contract. The brochures describes a salary ranging from $9,000 to $12,000 a year and sets March 11 as the deadline for applications.

The board will meet at the school at 8 p.m. tomorrow with its site selection committee to discuss possible school sites. It will meet again in a work session next Wednesday at 8 p.m. at the school to review budgeting for next year and form a citizens committee to support the April 14 tax vote. Trustees are asking approval of a 65-cent increase in the general fund tax rate, which is now at a $2.00 maximum per $100 of assessed valuation. In addition there is a 26-cent tax for overrides and 20 cents for bond retirement, making a total rate of $2.46.

Next regular meeting of the board will be at 8 p.m. Feb. 18.

BROWN

Continued from page 1

Brown added. "I will not be a favorite son."

TIDELANDS—The governor disavowed legislation introduced by Sen. Fred Farr (D-Carmel) to transfer all Long Beach Tidelands oil revenues to the state.

Brown favors a change in the present 50-50 sharing of royalties between the city and state, but he said that he is not seeking revocation of the Long Beach trust.

Asked about oil tidelands in the Los Angeles and Santa Barbara areas, he said he feels the same way about such holdings wherever they are.

LABOR — Said it's not his present intention to open up the 1964 special legislative session to the social insurance issue. Organized labor has urged the governor to authorize the lawmakers to act on proposal to increase unemployment and disability insurance, and workmen's compensation.

DAM — Declared anew there's not the "slightest basis" for charges that faulty materials have gone into Oroville Dam. But he said he's all for an investigation by a Senate subcommittee just to make certain.

Senate Defeats GOP Tax Slash

WASHINGTON (UPI)—The Senate today defeated, 48 to 45, a Republican-backed amendment to the 11.6 billion dollar tax cut bill to slash an estimated 445 million dollars in wartime excise levies on luggage, furs, jewelry and cosmetics.

The rejection of the proposal to sweeten the big tax bill even more with election year cuts was one more victory for the administration.

It was by an identical vote by which a proposal yesterday to provide tax credits for college tuition costs was turned back.

OLYMPIC CHAMPION TO RETURN TO BARBERSHOP

By JOHN GALE

INNSBRUCK, Austria (AP) — The barber with the world's fastest blades will be back in the barbershop next week wielding a pair of scissors and getting the third degree on how he trimmed the Russians.

Speedskater Terry McDermott, newly married, says he's going straight back to work after winning America's first gold medal of the Winter Olympics. He will not compete in any of the three longer races.

"There are," he explained after his triumph in Monday's 500-meters speed skating event, "payments to be made — house payments, car payments and down-payment payments.

'AWAY TOO LONG'

"I've been away too long and barbers work on commission. So I'll fly out Friday and will be back behind the chair Monday."

On a good day at the shop, McDermott gets through four customers an hour.

On an even better day here Monday, he got through four highly-touted Russians in a fraction over 40 seconds.

McDermott's victory in the 500 meters finally broke Russia's grip on the Olympic speed-skating events. It deposed, in Olympic record time, Evgeny Grishin, the Russian world record holder who has made this title his personal property since 1956. Three other Soviet speed aces also were left behind.

Richard Terence — "everyone calls me Terry"—McDermott was born and brought up in Essexville, Mich., the son of a sales representative.

His family wanted Terry to become an engineer but the Essexville clipper found barbering would leave him more time to skate.

So, every working day, McDermott heads for adjoining Bay City, where he lines up with two other barbers in a shop belonging to his uncle, Bunny Hebert, and trims hair at $1.75 a head.

He's been winning skating titles since he was eight years old and also played football and baseball in school.

He's soft-spoken and polite but gives the impression that he knows what he wants and isn't satisfied until he gets it.

Monday he wanted a gold medal and Russia's best couldn't keep him from bringing it home to Michigan.

Russia Wins 21st Olympic Medal

U.S. ON TOP—The podium is a bit crowded with silver medalists, but Terry McDermott of the United States stands alone on top after winning the gold medal in 500-meter speed skating at the Winter Olympics at Innsbruck, Austria, yesterday. It was the first gold medal for the United States at the games. Two Americans Escape Injury In Toboggan Spill

INNSBRUCK, Austria (AP) — The Soviet Union, Sweden and Norway grabbed gold medals in skiing and speed skating today as fears of new tragedies gripped toboggan and bobsled racers at the ninth Winter Olympic Games.

An American two-man toboggan leaped off the track at Igls, its occupants miraculously escaping serious injury, and protests were raised over the condition of the bobsled run, made dangerous by melting and cracking ice.

CANADIANS LEAD

A Canadian four-man crew, piloted by Victory Emery, took a surprising lead over Italy's eight-time world champion, Eugenio Monti, in the first two of four runs.

Organizers said if the track is too dangerous tomorrow the final two runs may be canceled and medals awarded on the basis of today's two runs.

One United States sled, piloted by Bill Hickey of Keene, N.Y., was fifth and the other, with Larry McKillip of Saranac Lake, N.Y., at the controls, was seventh.

Sixten Jernberg, Swedish veteran of three Olympics who will be 35 tomorrow, won the 50-kilometer ski race at Seefeld, covering the 31 miles and 120 yards in 2 hours, 43 minutes, 52.6 seconds.

Knut Johannesen of Norway captured the 5,000-meter men's speed skating race in the Olympic record time of 7 minutes, 38.4 seconds, leading a 1-2-3 Norwegian sweep.

Claudia Boyarskikh, a 23-year-old Russian schoolteacher, added the 5,000-meter women's cross-country ski title to the 10,000-meter crown she won previously and the Soviet Union also picked up a bronze medal in the event.

In the two-man tobogganing finals at Igls, one U.S. sled leaped off the track but the occupants escaped injury.

The accident, which brought an alarmed hush to the area, occurred at the dangerous Olympia turn on the first run of the two-man toboggan event, won by Josef Fiestmantl and Manfred Stengl of Austria.

Jim Higgins of San Gabriel, and Ron Walters of Garden Grove, were sailing down the icy chute at 45 miles an hour when they hit the most dangerous curve on the mile-long track.

MOTIONLESS

The sled sailed through the air and the occupants were sent banging into the icy banks. Higgins lay motionless for a while, but Walters immediately got to his feet. Neither was seriously hurt. Both were eliminated.

Meanwhile, Miss Boyarskikh of the Soviet Union won her second gold medal with a victory in the women's 5,000-meter cross-country ski race, covering the 5,468 yards in 17 minutes, 50.5 seconds.

Mihrja Lehtonen of Finland was second in 17:52.9 and Alevtina Kolchina of Russia was third in 18:08.4. Miss Boyarskikh is a blonde, 23-year-old schoolteacher from Sverdlovsk. There were no U.S. entries.

8 GOLD MEDALS

Russia now has 21 medals, including eight golds.

Two-man tobogganing, a new sport to the Olympics, is a thrilling sport to watch. Feistmantl, a 24-year-old accountant, and Stengl, an 18-year-old schoolboy who becomes the youngest of these Games to win a gold medal, took their sled down the chute twice in the combined time of 1.41.62.

Reinhold Senn and Helmut Thaler of Austria were second in 1:41.91. The Italian tandem of Walter Ausserdorfer and Sigisfredo Mair won the bronze medal with 1:42.87.

Phoenix Open Golf Is 'On' Tomorrow

PHOENIX, Ariz. (UPI) — The finest golfing field of the 1964 pro tour season will tee off in the $50,000 Phoenix Open tomorrow — despite all the problems caused by a conflict between the sponsors and the Professional Golfers Assn.

Indications now are that the PGA has re-grouped most of its stars and they'll be on deck, as usual, to fight it out.

Defending champion Arnold Palmer, his arch-rival Jack Nicklaus, Jay and Lionel Herbert, Don January, Tony Lema and most of the rest will be on hand. There's also is a belief that Gary Player, who has spent the winter in his native South Africa, will show up to compete.

National Open Champion Julius Boros was trailed to a Los Angeles airport and changed his tickets from New York to Phoenix.

Palmer wasn't quite as lucky. He was flying his own plane and already was over El Paso, Tex., when he ran into bad weather. He turned around and flew back to Tucson, where he was contacted by PGA officials and told that the tournament was "on." So he headed straight for Phoenix.

Pro-amateur competition was slated for today, with the 72-hole tourney getting under way tomorrow at the Phoenix Country Club.

Palmer has win this event three consecutive years and will be favored to make it four. However, he admits his game hasn't been up to standard. Neither has that of Nicklaus.

January is about the hottest thing on the tour right now. He lost a play-off for the San Francisco Lucky International title to Juad Rodriguez and he finished in a tie for third in the Palm Springs marathon.

The PGA had announced last Sunday night that it had canceled this tourney because the sponsoring Phoenix Thunderbirds had refused to sign a new contract. It threatened to suspend any player for the rest of the 1964 campaign if he played in it.

But the breach was patched up and a new contract signed yesterday giving the PGA control over the TV money. In this case, the money was only $5,000. It was not revealed whether the sponsors will be allowed to retain the cash, or if part or all of it will go to the PGA.

La Dolce Vita Leads Field In Yacht Race

SAN DIEGO (UPI) — Carlos Braniff's La Dolce Vita held the lead today in the seventh biennial San Diego-to-Acapulco yacht race, but the scratch boat, Sirius II, remained in contention in third place.

The 40-foot La Dolce Vita sailed from 13th to 1st place yesterday with the aid of 2-4 knot wins. Several other smaller craft also picked up distance on the large boats. The winds, however, became stronger later in the day.

When the positions were last reported La Dolce Vita had logged 235 miles in the 1,430-mile event, which began Sunday, and was in command in the Class C Division.

Second in over-all and first in Class A standings was the 67-foot yawl Chubasco which had been ninth in the field the day before. The 50-foot Flare forged ahead into the Class B lead and was listed as third in the fleet.

Top-rated Sirius II, the first day leader, faded to third in Class A and seventh in over-all position. Newport Harbor's Kialoa II, skippered by John Kilroy who won the race two years ago, advanced to sixth in Class A and 13th in the fleet.

Carnegie Tech's basketball record holder is Bill Soffa. Between 1957-61 he scored 1,571 points.

Hickey Gone, But Not Forgotten; Memories Of 49er Coach Linger

Howard "Red" Hickey is long gone as coach of the 49ers, but his memory lingers on, especially with his former players, and it isn't a pleasant memory.

At Santa Rosa's Sports Celebrity Banquet Sunday evening at least three digs or needles were cast at Hickey, although the red-head wasn't around to hear them.

Said Bob St. Clair, "This is the renaissance. We came out of the dark ages when we hired Jack Christiansen" as Hickey's successor.

Added Dan Colchico, acidly referring to infamous trades made by Hickey, "We've gone through 65 players in the last four years."

Said R. C. Owens, who gladly left the 49ers to play for Baltimore, "Seeing that Jack Christiansen is coaching the 49ers now, I'd like to be back."

So you see, Hickey did not win any popularity awards with his players, which has been common knowledge all along but now comes out into the open at these banquets.

It sounds as if the players love Christiansen, which is fine, but they liked Buck Shaw too. Isn't there a happy medium somewhere?

SPEAKING OF St. Clair, the giant tackle also told the audience, "I announced that last year was my last (in football). But I am still not sure—it depends on how they slice that TV money. If a certain portion is allocated for the players I might come back."

Don't do us no more favors, huh Bob?

CHRISTIANSESN appeared like a good guy. Said the young 49er skipper: "I think there are times when you have to be stern, but I don't want to be a dirty old man. This year we're sure we can score a few points. I think John Brodie's arm will be real good this year. I think George Mira (No. 2 draft choice) is going to develop into a real good quarterback. The 49ers will be very happy they drafted him."

ALVIN DARK was on hand to comment about those stories he's going to manage Houston in 1965 for a $60,000 salary.

Drawled Alvin, "I have enough to take care of 1964 without worrying about 1965.

"I think this story has been unfair . . . untrue . . . it's not fair to the Giants. As long as the people want me, I want to manage the Giants. This may be my last year, but I hope not."

Other notes along the banquet tablecloth:

Art Powell, end for the Oakland Raiders, praising the American Football League — "This is my first year, and I got a pension plan and we're building a new stadium in Oakland."

Gino Cimoli, outfielder, Kansas City Athletics — "Mickey Mantle is the best one-legged player in the American League."

Ray Willsey, new Cal grid coach, referring to halfback Tom Blanchfield, a St. Helene product, "If he is as good as they say he is we'll get the ball to him somehow."

Jimmy Davenport, Giants, who will be switched from third to second base this season—"I hope playing second is as easy as I read it is."

Tobin Rote, San Diego Charger quarterback—"I may get nicked for this, but I will admit I think our league is a little weaker in the defensive secondary."

Tom Flores, Raider quarterback—"I'd like to play a 49er-Raider charity game—for the players' charity."

Mike Ditka, Chicago Bears end—"Is it true George Halas sells seats on the bench? Well, we have one section of seats where you can see from the goal like to the 30-yard line. We call 'em partial vision seats."

Alvin Dark—"This game of baseball is winning. Don't you kids believe it's how you play that counts." (But it helps, Alvin, it helps.)

And so it went into the night, sports stars speaking their minds to the delight of the audience in Santa Rosa's great sports event of the year.

Bob Ussery has led the riders at Hialeah three times. He led them the last two years and also in 1959. Bill Hartack and Ted Atkinson are the only jockeys to win the honor four times at the Florida track.

Warriors Win Again

SAN FRANCISCO (AP) — San Francisco Warrior fans are a happy lot today and they may be even happier tomorrow night. That's when their boys meet the Detroit Pistons again, this time at San Jose.

The Warriors swamped the visiting Pistons 118-79 last night, tightening their grip on first place in the Western Division of the National Basketball Assn.

Since the third-place Los Angeles Lakers and the second-place St. Louis Hawks dropped games, to Cincinnati and Boston respectively, the victory left the Warriors a full game in front.

The 39 point victory—widest winning margin the Warriors have enjoyed all season—came after Detroit was held to 11 points in the first quarter by a tight San Francisco defense.

Wilt Chamberlain topped scorers with 38 points, while Warrior guard Guy Rogers drew applause for his fine floorwork, though scoring only 12.

Bob Ferry and Ray Scott, who led the Pistons with 18 and 19 points, mounted a brief rally in the second quarter which closed the gap to nine points, but the Warriors were ahead 51-36 by intermission.

Detroit Coach Charlie Wolf had to leave the game in the third quarter after two technical fouls were called on him. Forward Bailey Howell took over as coach.

Redwood, Terra Linda Win Practice Games

Redwood and Terra Linda high school varsity basketball teams won their practice games but Drake lost its game yesterday in cage action between halves of the Marin Athletic League championship race.

Redwood downed Del Valle 50-43 in Concord, Terra Linda dropped John Swett of Crockett 47-10 in the Terra Linda gym, and Drake fell to Salesian 72-63 in the Pirates' gym in San Anselmo.

Leading all the way in its game, Redwood was featured by the scoring of Dave Auerbach with 18 points and Jim Halm with 16. Halm also plucked off 15 rebounds and Hillard Witt grabbed 14.

The Redwood Class B cagers lost to the Del Valle junior varsity team 53-48. Top scorers for the Redwood Bees were Russell Smith with 15 points and Bruce McGee with 13.

In another loss, the Redwood junior varsity squad was drubbed by St. Ignatius junior varsity cagers, 43-28. Lance Russell with eight points led the Redwood attack.

Terra Linda was trailing at halftime in its game, 18-26, but a 18-8 difference in the final quarter gave the Trojans the margin of victory. Bill Lee with 18 points and Don Knotts with 10 topped the scoring for Terra Linda. Bill Brody, who totaled eight points, was credited with two thefts which he converted into two field goals in that final quarter.

The Terra Linda Class B cagers also won their game, in overtime, 58-56 over John Sweet bee basketballers. Winning bucket was scored by Rich Edwards who scored 12 points. High scorer for the T.L. Class B team was Fred Daniele with 12 points.

Drake was led in the scoring column in its game with Salesian by Bob Brackett with 17 points, Larry Stein with 13 and Lorry Galassi with 12. Drake trailed at halftime, 36-31, and couldn't make up the deficit.

Top 440 On Tap At S.F. Meet

Ulis Williams, the nation's top quarter-miler, will compete in the Golden Gate Indoor Invitational meet scheduled for Feb. 15 in San Francisco.

With world record holder Adolph Plummer and the West Indies' George Kerr also entered, meet promoters were hailing the event as the "greatest 440 race ever held on the boards."

Plummer scorched to a world mary of :44.9 with Williams chasing him, but Williams has beaten Plummer in other meet-

FACULTY CAGE GAME SLATED IN SAN RAFAEL

Former "stars" can again shine Saturday night when the faculties of San Rafael and Terra Linda high schools battle each other in a basketball game scheduled in San Rafael High School gym at 8 o'clock.

It will be a benefit game with separate ticket booths for Terra Linda and San Rafael backers. Persons buying tickets from the Terra Linda booth will be helping pay for athletic awards, and persons buying tickets from the S.R. booth will be aiding the coffers of the senior class.

A "special" halftime show will feature members of the San Rafael High School women faculty.

At last report, both teams were hard at practice, mostly trying to get the kinks out of tired muscles.

Seals, Minus Edmundson, Battle Portland Tonight

PORTLAND (UPI) — The San Francisco Seals return to action tonight against the Portland Bucks in Western Hockey League action at the Glass Palace.

Defenseman Jean Paul Picard will rejoin the squad, replacing lineman Duke Edmundson, who quit the team. Edmundson was dealt off to an American Hockey League team by the Seals, but refused to report. Instead, he took another job offer in the San Francisco area.

The squad had been one man over strength and Picard sat out last Tuesday's Buckaroo-Seal battle here.

The Seals are also trying to purchase Howie Young of Chicago, bad boy defenseman who was suspended from the National Hockey League. There was no word from either San Francisco or Chicago officials today on how that deal is progressing.

San Francisco is tied with Seattle for third, two points back of Los Angeles. But Portland is only three back of the co-holders of third place.

Two Former Cal 440 Stars Make Hall Of Fame

PALO ALTO (AP) — Grover Klemmer and Archie Williams, two former University of California star quarter-milers, have been named the seventh and eighth members of the Northern California Track and Field Hall of Fame.

Klemmer once held the world 440 record of 46.4 seconds while Williams was 1936 Olympic Games 400 meter champion.

They will be installed Friday evening at the Cabana Motel, Palo Alto, during a public banquet of the Northern California Track and Field Assn., sponsor of the hall of fame.

Olympic Champs Win More Than Just

By FERRY WIMMER

INNSBRUCK (UPI)—What is the value of an Olympic gold medal?

This is a shocking question for a believer in true amateur sports ideal, but there are many reasons to assume that some athletes want more than just honors.

Take, for instance, the skiing heroes. Everybody expects them to produce top performanecs, but nobody asks who is going to pay their salaries when they train and move from one ski resort to the other at least six months a year.

It's no secret that the ski makers are offering financial support, but there must also be a price for an Olympic gold medal in return for the enormous publicity value of an Olympic victory.

Here is how the top ranking ski maker agreed to pay their "employees" at the Innsbruck Olympics:

—30,000 Austrian schillings (about $1,160) for a gold medal.

—25,000 Austrian schillings (about $960) for silver.

—20,000 Austrian schillings (about $800) for bronze.

These figures have been supplied by reliable and well informed sources, although none of the ski makers would ever admit that such an agreement was reached.

The sources said the top-ranking ski makers got together shortly before the Olympics to agree on a common basis of payment for Olympic medals. They did not want anyone to make high bids in an effort to lure top racers away from one firm to the other. So they laid down the three figures and agreed to stick to them.

Of course, any manufacturer can make "additional gifts" or presents to his top ace if he or she grabs a gold medal. The publicity value is much higher than $1,160. Therefore, it is not usuat to present a top racer with a free trip around the world—or a high powered sports car.

BIG BUSINESS

At a time when the number of skiers is increasing from year to year all over the world, ski manufacturers have to exploit their products. It's big business.

Take top French skier Francois Bonlieu. He fell into disgrace shortly before the current Olympics because he used American skis in the recent Laubersorn race at Wengen, Switzerland. This was considered "high treason" by French manufacturers. He was only welcomed back as a French hero when he won the Olympic giant slalom on French skis.

Or consider Austria's leading woman skier, Tradul Hecher. She badly sprained her ankle in last Saturday's ladies slalom and was described "out for the rest of the Olympics" by the official team doctor. But her ski maker persuaded he to see another doctor — without the knowledge of the team manager — who gave her an injection to make her fit for Monday's giant slalom. She lost, of course.

Another example is Austria's top racer, Karl Schranz. Many experts consider him the best Alpine skier in the world. But he was only 11th in the downhill. He is the only racer to stick to a non-metal ski when every other top man already uses metal skis for the downhill. Needless to say, Schranz's ski maker does not produce metal skis.

Cal Strategy Force Bruins Away From Racehorse Tempo

SAN FRANCISCO (UPI) —California must force UCLA out of its racehorse tempo if it is to beat the No. 1 ranked Bruins in a two-game weekend series, basketball coaches agree.

"It's all a matter of tempo," analyzed Howie Dallmar of Stanford. "If you can get UCLA playing your tempo you have a big asset. But the more wide open the game—the more loose balls—the more it's to UCLA'S advantage."

"We're just going against them like we go against any other team," said Cal Coach Rene Herrerias. And that means the eBars, only 10-8 overall but 5-1 in Big Six play, will use deliberate, ball-control tactics.

UCLA is likely to try to press the Bears into errors. But Santa Barbara Coach Art Gallon found that despite two one-sided losses to the Bruins last week, the press cost his team only about eight points.

Gallon found more trouble with the officiating.

SOMETHING SUBTLE

"I think it's hard for officials to call a game with UCLA now," he said. Officials are human—they look at the record (17-0) and the statistics. Something subtle happens to them.

"If UCLA gets up against a good game and hitting its shots and if the officials aren't awed, UCLA could be in trouble."

Gallon said darkly that high-scoring Bruing Gail Goodrich is good for two points every time he gets the ball inside "either on a field goal or free throws."

The Friday-Saturday series at Cal's Harmon Gymnasium is a sellout and even students are allowed to buy tickets only for one or the other of the games—not both.

The week's key West Coast Athletic Conference game matches San Jose State and University of San Francisco but coaches Stu Inman and Pete Peletta each hedged wholeheartedly when asked to predict the outcome.

USF is 3-0 and San Jose 2-0 in league play. Peletta did say that USF's Ed Thomas ,a forward, would be out of the starting lineup because of a cut elbow but might see some action.

Roy Sipp of California State and Brad Duggan of San Francisco State were selected as co-players of the week for strong weekend performances.

St. Raphael's Cagers Win Three, Lose Four

Teams from St. Raphael's won three games and lost four over the weekend in Catholic Youth Organization basketball.

Saturday results: 6th grade—St. Raphael's 21, St. Vincent's 15; 7th grade—St. Vincent's 28; St. Raphael's 10; 8th grade—St. Raphael's 34, St. Vincent's 14.

Sunday results: 5th grade—St. Brendan's 15, St. Raphael's 14; 6th grade—St. Brendan's 22, St. Raphael's 12; 7th grade—St. Brendan's 28, St. Raphael's 23; 8th grade—St. Raphael's 47, St. Brendan's 31.

Gun Safety Instructor Appointed By NRA

Steve White of San Rafael has been appointed a home firearms safety instructor, it was announced today by the National Rifle Assn., sponsor of a course designed to help reduce shooting accidents in the home.

The NRA course teaches safety to persons who do not use firearms for recreation but have them in their home. It points out unsafe practices and teaches how to correct them.

$300,000 RICHER

Smiling Paul Bryant Plans On Some Rest

TUSCALOOSA, Ala. (AP)—Alabama football Coach Paul Bryant, with a smile on his face and a $300,000 tax-free settlement, plans to get some rest.

"I'm not much of a golfer, but I might be about 30 days from now. I have been ordered by Dr. Rose (Frank Rose, president of the university) to take a rest," Bryant told friends last night.

It was announced earlier that he had accepted $300,000 in compensatory, tax-free damages for two Saturday Evening Post articles.

Bryant was suing for $10.5 million in libel damages, and a trial had been set in U. S. District Court in Birmingham Feb. 10.

Bryant's legal fight against Curtis Publishing Co., owners of Saturday Evening Post, began in January, 1963, when he filed a $500,000 libel suit for an article, "College Football is Going Berserk," which imputed that Bryant encouraged acts of brutality on the playing field.

The second suit concerned the March, 1963, edition's article "The Story of a College Football Fix," which accused Bryant and former University of Georgia Athletic Director Wallace Butts of conspiring to fix the 1962 Alabama-Georgia football game.

A breakdown of the settlement indicates that Bryant accepted $275,000 for the alleged "fix" story, and $25,000 for the one imputing he condoned brutality.

New Owner Still Seeking Coach

PHILADELPHIA (AP) — Jerry Wolman, millionaire Washington builder who officially became the new owner of the National Football League Philadelphia Eagles Monday, is considering "at least half a dozen" for the job as head coach of the team.

Wolman said he is still looking for a replacement for Nick Skorich and admitted there is a time problem in picking a new coach. He hopes to have an announcement within two weeks.

"We feel it is more important to make sure we get the right man than getting him quickly," Wolman said after settling his purchase of the franchise for $5,505,500.

Former pitcher Vic Sorrell coaches North Carolina State's baseball team.

Count Charles Wins, Pay $10

ARCADIA, Calif. (AP)—Count Charles moved into strong contention as a Derby hopeful by winning the $24,950 Santa Catalina Stakes at Santa Anita Park.

Count Charles, handled by Manuel Ycaza, nosed out favored Knightly Manner yesterday in the mile and one-sixteenth race. Time was 1.43 1-5.

Count Charles paid $10.60, $4.80 and $3.80. Knightly Manner paid $3.80 and $3.00 and Pelegrin returned $5.40.

Bruce Solibakke of Seattle joined the Washington varsity basketball team this season after averaging 13.8 points in 19 games for the 1962-63 freshman squad. He is 6-feet-7 and 202 pounds.

Givenchy Goes Back To 'Old' Lean Look

PARIS (UPI) — Hubert De Givenchy, regarded as one of the great trend-makers of Paris fashion, showed a spring collection in which he abandoned the fitted suits he introduced last fall.

The press as usual was barred but buyers who crowded into his salon said Givenchy "Went back to his 'old' loose, lean look. Suits were slightly concave in front but definitely loose in back.

The fashion parade has been see-sawing between the loose, narrow look and full skirts and a natural, marked waistline.

NOW THAT Givenchy has trimmed his sails, the loose look probably will remain for another few seasons at least, buyers said.

Givenchy coats usually were fitted in front and loose in back. Some were belted. He also showed many in soft colors that were straight and narrow with no fit at all in the waist.

Suits often had pleats in the skirt, but on each side instead of all around. Jackets came to the top of the hip, another return to the old style. One buyer said some suits had a broader look, in the shoulder. Other shoulders had natural, set-in sleeves.

GIVENCHY'S suits used his traditional little stand-up collar.

For cocktails, he also abandoned the straight across, high neckline, formerly known as the "Jackie Kennedy Look." Necklines on silk dresses were a low U-shape in back and front. Many had a high, empire waistline underneath the bust and a curved skirt, full over the hips and tapered to the hem.

His hit long evening gown design was a slim shift buttoned from a high stand-up collar to the floor, fitted gently at the waist. Givenchy showed this model in linen as well as dressier fabrics.

A SERIES of "camisole" gowns, with a deep U-shaped neckline in front and back, had tiny embroidered overjackets.

Gertrude Lawrence slacks and lounging pajamas right out of a Noel Coward play made their bow at the first collection of Spanish designer Antonio Castillo since he left the House of Lanvin.

The sleek-fitting toreador pants definitely have been abandoned in Paris. Several collections have included a slack outfit with loose sailor-like pants and long Marlene Dietrich-type tailored jackets.

CASTILLO went farther with wide, floppy slacks. One pair of white silk had a matching, long tailored jacket lined with pale orange to match the blouse.

One outfit had billowing black jersey trousers and a tunic top with a pink organdy collar and floppy bow. A pink pair of pajamas for hostesses was topped by a tunic that was knee-length in front but fell to the floor in back.

Everything was extra wide at Castillo's new pale blue salon. Shoulders were high, rounded and appeared to be padded on suits and coats. Sleeves were wide, skirts had some fullness and lapels and collars were big.

A series of printed silk cocktail dresses were unbelted triangle-shaped, wide "tents."

His day suits had longish, loose-fitting jackets and semi-pleated skirts. A series of navy blue suits were shown with peaked white straw hats that looked like globs of marshmallow topping.

THE SAINT-LAURENT STYLE—Sketch of black suit with white collar and cuffs and ribbon necklet indicates trend of Paris designer. His restrained, slender silhouette features narrow shoulders and a small, high bosom. Arms are covered by slim sleeves that just clear the wristbone. Necklines are open, but never plunging. Invitational House Tour To Honor Queen Candidate

An invitational champagne house tour of the home of Mr. and Mrs. Theodore Rosenberg of Loch Lomond will be held on Sunday from 5 to 7 p.m. in honor of Mrs. John F. McCarthy, candidate for queen of the Mardi Gras Ball which benefits Little Jim Club of Children's Hospital in San Francisco.

Mrs. Rosenberg, the hostess, and Mrs. McCarthy, will greet the guests gowned in Dynasty creations to harmonize with the Oriental theme of the white and gold circular home.

OF SPECIAL interest to the guests will be the Oriental art treasures and antiques Mrs. Rosenburg has collected in her travels Outstanding in the 13th Century collection is a chest made from the Shrine doors of a Chinese temple and an octogon-shaped folding table Mrs. Rosenberg had made in China from ebony and mother-of-pearl.

A HIGHLIGHT of the game room is a group arrangement of the backs of old Geisha mirrors moulded on off white linen and a block wood carving from the oldest master of Japan. The pewter and brass lamps reflect the elegance of the Ming dynasty.

In the entrance are the hand-carved alabaster dividers separating the entry from the sunken circular living room. They are carved in a Chinese motif to match the design in the hand woven Taiping oyster white rug from Hong Kong, and the hand woven draperies.

In the bedroom, lined in silk walls, is a 16th Century Spanish chandelier. Mrs. Rosenberg had the base of a coffee table made to blend with the design of the Spanish heirloom.

THE BATHROOM, completely lined with iridescent Philippine Kappa Sheels, has a circular sunken tub in terrazo above which hangs an antique chandelier made of crystal beads and gold with swans surrounding the light.

SHOWING guests through the home will be Mrs. John Bellamy Jr. and Mrs. Alex Bovee. Invitation chairman are Mrs. Roger Darrow and Mrs. Victor Scatena.

CD Transportation Agreement Voted By County Board

Companies To Cooperate In Case Of Disaster

Marin County Board of Supervisors yesterday accepted an agreement whereby major transportation companies will cooperate with county Civil Defense officials in case of disaster.

Jean Smith, deputy director of Civil Defense, asked the supervisors to accept the agreement with the transportation companies.

Mrs. Smith also outlined the progress of Civil Defense in the county and urged the supervisors to change the chain of command. At present, it is headed by the chairman of the Board of Supervisors. Mrs. Smith asked that all five supervisors be named jointly. Charles R. Reilley, former county fire chief, supported Mrs. Smith's suggestion.

Supervisors decided that this and matters concerning civil defense will be taken up at subsequent meetings.

Mrs. Smith also asked for the appointment of a new radiological defense officer to succeed Ward H. Austin. She reported that Austin has gone to Panama and is not expected back until October.

Supervisor Byron W. Leydecker questioned the effectiveness of Civil Defense.

"My personal opinion is that if an atomic bomb were dropped here, we'd have chaos," he said.

Mrs. Smith replied she feels the Civil Defense setup in the county is adequate although most of the work is still in the "formative stages."

New Napa Jail Building Defeated

NAPA (AP) — Napa County voters yesterday turned down a proposed 1.7-million-dollar bond issue to build a new law enforcement building to replace the 92-year-old Napa County Jail.

The vote was 7,528 No to 5,483 Yes.

The building would have housed the Napa city police department and the county sheriff's jail and other law enforcement offices.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Passenger In Standing Car That Is Rammed Can Suffer Whiplash

VAN DELLEN

A passenger in a standing car that is rammed from behind by another auto may end up with a whiplash injury. This term, which has become so popular, describes the mechanism of the mishap rather than the actual injury to neck and back. The damage may vary from a slight strain or pulled muscle to a crushed disk, dislocated vertebras, or torn ligaments.

The head weighs 10 to 15 pounds and is suspended on a stemlike neck. The jolt usually pushes the heavier body forward, forcing back the head and neck momentarily, and then forward, in a manner similar to that of the lash of a whip.

THE ENSUING discomfort depends upon the type and extent of the trauma to the neck structures. Some victims develop pain in the neck and shoulders along with numbness and tingling of arms and fingers. In others, pain is confined to the back of the neck, the head, or the lower part of the face. Still others complain of stiffness of the shoulders. A variety of symptoms means more than one structure is involved.

Treatment also depends upon the type and extent of the injury. This is why careful examination and X-rays are needed before therapy is started. Cold compresses are helpful during the first 24 hours, followed by hot applications. Moist heat is best. Wet towels are kept warm with an insulated electric pad, an infra-red lamp, or a heat cradle.

SOME PHYSICIANS stimulate the muscles with a galvanic current or use ultrasound to reduce swelling and lessen pain. Gentle manipulation and mild exercises are started as soon as possible to minimize stiffness but massage is not used when the neck is sore and tender.

More serious injuries require traction of the neck with weights and pulleys. In addition, physical therapy at the hospital or in the home promotes healing. Some victims are relieved within a few days whereas others have pain lasting three or four months. A neck brace is needed occasionally, especially when the person prefers to be up and about.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

PEP PILLS

F. A. writes: Will taking amphetamine tablets (for reducing purposes) make a person more gregarious?

REPLY

Not necessarily, although this drug makes the user more active. It also makes him jittery and sleepless and this could induce irritability and the avoidance of friends.

SPINAL SURGERY

P.E. writes: What is the usual result of a slipped disk operation- Will I be as good as new?

REPLY

Ninety per cent of those who have this operation get well or are improved greatly.

SUPERIOR COURT BID DUE AGAIN

Marin Bar Assn. Seeking Fourth From Legislature

Creation of a fourth superior court for Marin County, turned down last year by Gov. Edmund G. Brown, will be pressed again this year by the Marin Bar Assn. and Marin legislators in Sacramento.

"Yes, we are definitely trying again for a fourth superior court," said Peter A. Smith, president of the Marin County Bar Assn. Attorney Samuel W. Gardiner is chairman of the committee working for the new court.

PASSED LEGISLATURE

Last year, a bill for a new court passed both houses of the legislature, but the governor pocket-vetoed the bill because of an adverse report from State Judicial Council.

However, an adverse recommendation from the judicial council does not necessarily mean an automatic rejection. Both Smith and Arthur M. Lebow, Marin Bar president last year, one or two counties got new courts without a recommendation from the judicial council.

In Sacramento, Assemblyman William T. Bagley (R-San Rafael) disclosed he plans to introduce a bill for a fourth court again this year.

JUDGES SALARIES

Judges salaries are also among the 43 items which the governor has placed on call for the special session.

Paul Ward, the governor's legislative analyst, explained that the exact amount of the proposed salary raise for judges will be be known until a bill is introduced. Marin Superior Court judges now get $21,000 per year, and municipal court judges $18,500.

Preliminary discussions were that the pay should be raised to $25,000 and $21,500, respectively, said Ward.

Motorboat Law Is Explained

I-J SPECIAL REPORT

SACRAMENTO—California's new law for licensing of operators of motorboats carrying passengers for a fee applies only on state waters not under Coast Guard jurisdiction, Lachlan M. Richards, chief of the Division of Small Craft Harbors said today.

For example, the law applies to Lakes Arrowhead and Berryessa, but not coastal waters, Lake Tahoe, or the Delta.

Richards said the new license law applies only to power boats carrying four or more passengers for a fee. He emphasized that operators of boats not carrying passengers for hire do not require an operator's license.

Information on the licensing law is available by writing Division of Small Craft Harbors, Department of Parks and Recreation, State Office Building, Sacramento.

Over 7,000 Use Taylor State Park

More than 7,000 persons, including 200 organized groups, used the Organized Group Camp and Group Picnic facilities at Samuel P. Taylor State Park at Lagunitas during 1963, according to Frank B. Bellinghausen, assistant park supervisor.

The organized group areas are the only facilities that may be reserved at the park.

The famed Eddystone Light was erected in 1698 off the mouth of Plymouth Harbor, England, by Henry Winstanley, who said he wished to meet "the biggest storm that ever was" in his tower. Five years later, one of the greatest storms in England's history swept away the lighthouse, crew and Winstanley.

CHARTER ORDINANCE NO. 791 AN ORDINANCE PROVIDING FOR THE SALE AND CONVEYANCE OF THE PRESENT CITY HALL SITE AT FIFTH AVENUE AND A STREETS, SAN RAFAEL, CALIFORNIA, TO INDEPENDENT PROPERTIES CO., A CALIFORNIA CORPORATION, WITH RESERVATIONS OF LIMITED ESTATES FOR LIMITED PURPOSES.

The Council of the City of San Rafael, California, do ordain as follows:

Section 1: It is hereby found, determined and ordained that the land located on A Street between Fifth Avenue and Julia Streets, in San Rafael, California, presently used as a City Hall site and for incidental automobile parking, will, within an estimate of two years, and upon completion of the contemplated new City Hall upon another site, be no longer required for public purposes, except possibly for a limited period of time and as hereinafter provided, and it is further found that Parcel One, hereinafter more particularly described, is no longer essential or required for public purposes, and that it would be in the best interests of the City of San Rafael, California, to sell all of the real property hereinafter described, reserving to the City certain estates and rights to the extent and for the time required by said City's interests which are hereinafter set forth.

Section 2. The City of San Rafael, California, a municipal corporation, hereinafter referred to as "City", by and through its City Council, does hereby sell the land referred to in Section 1 above and hereinafter specifically described, to "INDEPENDENT PROPERTIES CO.", a California corporation, hereinafter referred to as "Buyer", upon the following terms and conditions:

1. **Purchase Price.** The purchase price to be paid by Buyer to City shall be the sum of TWO HUNDRED EIGHTY-ONE THOUSAND DOLLARS ($281,000.00) in cash, lawful money of the United States of America, payable upon close of escrow.

2. **Escrow.** Within three (3) business days (Saturdays and Sundays not being business days) from the date hereof, an escrow shall be opened with MARIN TITLE GUARANTY COMPANY, located at Fourth and C Streets, in the City of San Rafael, California, on the following terms and conditions:

(1) That all escrow charges, save and except the usual charges, such as revenue stamps, customarily payable by sellers within the Marin County area, are solely payable by Buyer.

(2) That all escrow instructions shall be written on the current forms in use by the Marin Title Guaranty Company.

Legal Notices

(3) That the cost of any title insurance policy or policies is to be borne by Buyer.

(4) That the said escrow shall be closed on the next business day following the day upon which an ordinance in compliance with Article 7, Section 7, Subdivision 7, of the San Rafael Charter, is effective.

(5) Rental income shall be prorated as of the date of the close of escrow.

3. **Reservation of Estates by City.** City hereby reserves the following estates in the property sold:

(1) An estate for two (2) years from close of escrow in Parcel 2, hereinafter particularly described; and

(2) An estate for a term of eight (8) years in Parcel 3, hereinafter particularly described, which estate shall commence to run upon termination of the two-year estate reserved in paragraph 3(1) of this Section 2, for use as a City Hall and/or public parking of automobiles. The estate so reserved in Parcel 3 shall terminate in the event City shall fail to use Parcel 3 for either or both of said purposes for a continuous period of six (6) months.

4. **Reciprocal Non-exclusive Easement.** For a period of two (2) years next following the close of escrow, City and Buyer shall each have a non-exclusive easement for access purposes over a strip of land 15 feet in width and 97 feet in length, the center line of which shall commence at a point on the northerly line of Julia Street, 130 feet westerly of A Street (being the southwesterly corner of Parcel 2), and will run parallel with A Street northerly a distance of 97 feet.

5. **Additional Compensation to City for Surrender of Parcel 3.** If at any time within two and one-half (2½) years from the close of escrow City shall adopt an ordinance selling and conveying to Buyer the remainder of its estate in Parcel 3 for eight (8) years, reserved as in paragraph 3(2) of this Section 2, and tender to Buyer a conveyance of the estate so reserved and then remaining, Buyer shall pay to City forthwith an additional sum of THIRTY THOUSAND DOLLARS ($30,000.00) in cash, lawful money of the United States of America, for such conveyance.

6. **Delivery of Possession.** Buyer shall be given possession of Parcel 1 at the close of escrow. Buyer shall be given possession of Parcels 2 and 3 when the estates reserved by City therein have terminated as provided herein.

7. **Compliance with San Rafael Charter.** It is understood that the within sale is subject to Subdivision 7 of Section 7 of Article VII of the San Rafael Charter, and it is agreed that the within sale shall be made in compliance with said Charter provisions.

8. **Right to Make or Remove Improvements.** City shall have the right to raze any structure or structures on Parcels 2 and 3 and otherwise improve Parcels 2 and 3 for a City Hall or public parking, as City may see fit. City reserves the right to leave or remove any improvements made on Parcels 2 and 3.

9. **Condition of Title.** Title shall be subject to covenants, conditions, restrictions, reservations, rights, rights of way and easements now of record, and to all of the provisions of this Agreement of Sale, and the property is sold in an "as is" condition.

Rotarians Give Lamps To City

Two large wrought iron lamps were given to the City of Mill Valley yesterday by the Rotary Club and may be set on posts and lighted to adorn the main entrance to the city hall.

The lamps, 30 inches tall, were made by the late Alex Haus. City Mgr. Bert A. Balmer said today that it is planned tentatively to place the lamps in front of the city hall.

Mayor Joseph E. Sheeks received the lamps for the city from William A. Hamilton, club president. The lamps, never before used, were purchased from Mr. and Mrs. A. Miller of Mill Valley, Mrs. Miller being the former wife of Haus.

'Flowering Peach' Is Postponed

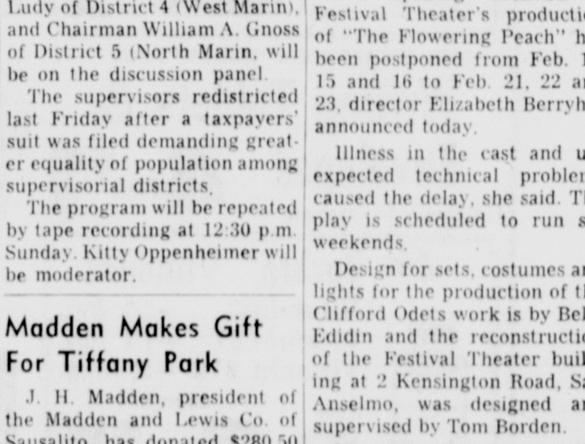

The opening weekend of Festival Theater's production of "The Flowering Peach" has been postponed from Feb. 14, 15 and 16 to Feb. 21, 22 and 23, director Elizabeth Berryhill announced today.

Illness in the cast and unexpected technical problems caused the delay, she said. The play is scheduled to run six weekends.

Design for sets, costumes and lights for the production of the Clifford Odets work is by Bella Edidin and the reconstruction of the Festival Theater building at 2 Kensington Road, San Anselmo, was designed and supervised by Tom Borden.

Members of the cast of the comic treatment of the Noah and the Flood legend include Dean Goodman, Dorothy Adler, Robert Franks, Marjorie Casebier, Bert Marian, Lois de Banzie, Mikel Taxer, Carol Brumm and Conrad Knudsen. Tickets for all performances are available at the theater.

CHASE AWAY that bored-with-the-winter feeling by serving a Country Cream Pie. The dessert is perfect to top off a Lenten dinner menu or highlight a "first of the season" party.

Country Cream Pie—Just Peachy

Doesn't Country Cream Pie sound like spring? One taste of this new dessert which combines the delicate, sweet flavor of canned peach pie filling with the zip and tang of dairy sour cream and you'll swear that spring is here!

Here is that really different dessert that you've been searching for to top off a Lenten dinner menu or highlight a "first of the season" party. The pie is served chilled, and what a pie it is; menfolks will love it, and the ladies are bound to hint for the recipe.

Handsome and delicious as it is, however, this pie is easy to make. Thanks to the availability of canned fruit pie fillings, this peachy treat takes only minutes to prepare for the oven. And, since the spring-fresh flavor is further heightened by thoroughly chilling the pie, you can make it on the morning of a festive occasion, or even the night before. If you'd prefer to use a graham cracker crust, go right ahead—you will still have a very tasty dessert. It's the filling that counts.

Try it soon for something to chase away that bored-with-the-winter feeling. It's delicious!

COUNTRY CREAM PIE

1 9-inch unbaked pie shell
1 No. 2 can (2½ cups) peach pie filling
1½ cups dairy sour cream
1 cup firmly packed light brown sugar
¾ teaspoon salt
3 egg yolks, well beaten

Fill unbaked pie shell with peach pie filling. Blend together sour cream, brown sugar and salt; blend in egg yolks. Pour sour cream mixture over peach pie filling. Bake at 425° for 10 minutes. Reduce temperature to 350°; continue baking 40 minutes longer. Sour cream topping will be nicely browned but not set at end of baking time. Chill thoroughly before serving.

Raisin Bread Marvelous For Supper

It's the bread that makes the meal—particularly so when you're serving the family's favorite spaghetti for supper.

Select an unsliced loaf of raisin bread from your favorite bake shop. Cut in double-thick slices almost through to the bottom. Then cut once down the middle in the same way. Spread generously with the butter and cheddar cheese mixture and bake until the loaf is crusty and hot all the way through.

CALIFORNIA RAISIN BREAD SUPPER LOAF

1 unsliced loaf raisin bread
½ cup soft butter or margarine
1½ cups grated cheddar cheese

Cut 8 crosswise slices in raisin bread from top to within 1-inch of bottom crust of loaf. Then cut lengthwise slice down center of loaf to same depth. Blend butter and cheese together. Spread generously between slices and a little over top of loaf. Place in 9-inch square pan (or tie string loosely around loaf and place in shallow baking pan). Bake in hot oven (400 degrees F.) until loaf is crusty and hot, about 15 minutes. Break apart to serve. Makes 8 servings.

THE SPAGHETTI flavors of tomato, onion, Italian herbs and oregano go well with the taste of raisin bread. A loaf of hot crusty raisin bread with a butter and cheese filling is a delicious new choice to complement the seasons used in spaghetti sauce.

Flounder Meat Fine-Textured And Delicious

A little fish goes a long way toward eating pleasure. This is especially true of flounder which is the family name for some of the smaller species of the flat fish family—gray sole, black backs or winter flounder, lemon sole, yellowtails and dabs. Flounders range in size from one or two pounds for the small ones found in coastal waters, to the deep sea flounders which may weigh as much as 15 pounds. Flounder are found on the market all year round both fresh and frozen, and in the form of serving-sized slices called fillets. The meat of the flounders is fine textured and delicately flavored, and may be prepared like any flaky white-fleshed fish. The National Fisheries Institute suggests this almond stuffing for flounder fillets as a hearty winter main dish.

FLOUNDER FILLETS WITH ALMOND STUFFING

1½ lbs. flounder fillets, fresh or frozen
½ cup butter or margarine
¼ cup chopped onion
4 cups soft bread crumbs
¼ cup blanched almonds, slivered
2 tablespoon lemon juice
1 teaspoon salt
⅛ teaspoon pepper
2 tablespoons softened butter or margarine
Paprika

Let fillets thaw on refrigerator shelf or at room temperature. Melt the ½ cup butter or margarine in saucepan. Add onion and cook until tender. Add bread crumbs, slivered almonds, lemon juice, salt and pepper. Place half the fillets close together in a greased baking dish. Cover with stuffing and top with remaining fillets. Spread fish with softened butter and sprinkle with paprika. Bake at 375 degrees for 15 minutes, or until fish flakes easily with a fork. Serve in baking dish or transfer to warm platter. Makes 4 to 6 servings.

BASEMENT CLASSROOM—This semi-basement room in San Rafael's Short School has been used for storage until this year, when it was pressed into use for a combined fourth and fifth grade class because of crowding at other schools. Teacher (back to camera) is Mrs. Jeanne Huston. (Independent-Journal photo)

Semi-Basement Area Serves As Classroom

A semi-basement storage room in San Rafael's oldest public school building is serving as a classroom this year for the first time in its 60-year history.

Excess enrollment in fourth and fifth grades in four schools last September resulted in conversion of the storage room at Short School into a classroom.

Youngsters were transferred there from Laurel Dell, West End, Coleman and Sun Valley schools, all of which had too many enrolled in fourth and fifth grades when school opened last September, according to Supt. Bert C. Corona. Since then, some fourth graders have been absorbed back into their "home" schools and the class now includes six fourth grade and 22 fifth grade pupils, Corona said. Mrs. Jeanne Huston is teacher.

This is one of two combined classes in San Rafael elementary schools this year, the superintendent said. There is a combination first and second grade class at Gallinas School, with 16 first grade and 11 second grade pupils.

Short School for many years has been for kindergarten through fourth grade only. The school now has 304 pupils—the largest enrollment in its history, according to Principal Edwina Codoni.

The combination classes result from overcrowding which the San Rafael Elementary School District hopes to alleviate if a bond issue is passed by voters Feb. 18, Superintendent Corona said. The issue, for $3,300,000 would keep the district at its bonding capacity for five years, covering additional buildings and site purchases over that period. Not all the bonds could be issued immediately as the district's bonding capacity now is just over a million dollars.

A second bond issue on the Feb. 18 ballot is for $670,000 for building multi-use rooms at nine schools—which also would help alleviate classroom shortage, said Corona.

Both issues require a two-thirds "yes" vote for approval. Both failed to get it in an election last October.

About 225 new fulltime students are expected to be in classes at College of Marin when the second semester begins Monday, according to Dean of Students Irwin P. Diamond.

Employees Favor State Retirement

Corte Madera town employees voted 18-6 yesterday in favor of the state retirement program.

Town Mgr. Arthur H. Brandow said he would ask the town council at its Feb. 17 meeting to sign a contract for the program.

The council refused to put the plan into effect a year and one-half ago when employees voted in favor of it by only one vote. However, the council left the way open for another election.

Bolinas-Stinson Phone Dispute

Residents of Bolinas and Stinson Beach may inquire of the county counsel to keep abreast of Pacific Telephone and Telegraph Co.'s application for statewide rate increases, the Marin County County Board of Supervisors agreed yesterday.

Hugh Dougherty, representing the Progressive Club of Stinson Beach, asked for county help to get "free dialing" extended to the Bolinas-Stinson area.

The telephone company has applied to the State Public Utilities Commission for general rate increases statewide and elimination of multi-message units in metropolitan areas.

Ambulance Service Use, Rates Go Up

Use of ambulances to take mental patients, inebriates and drug addicts to hospitals has jumped 30 per cent in the past year, the Marin County Board of Supervisors was told yesterday.

In addition, ambulance companies have raised rates. A trip from San Rafael General Hospital to Napa State Hospital last year cost the county $25. Now it costs $35.

Because of these increases, Asst. County Administrator John F. Barrows told the Board, the $6,000 budget for such services has been completely depleted. He asked for another $5,500 to last the county through the rest of the fiscal year.

Barrows also noted that Ross Hospital, which has some psychiatric services, is being used about to capacity, and that increased caseload must, therefore, be shuttled to Napa in most cases.

Joins Law Firm

Robert A. Thompson, Sausalito attorney, has become associated with the San Rafael law firm of Pendergrass and McKenney. A native New Yorker, he is graduate of Ridley College in Ontario, Canada, and has been associate legal counsel with two railroad systems.

Strep Infections Leading Diseases

Streptococcus infections continue to lead the list of communicable diseases reported in Marin County.

There were 41 cases of strep infections reported last week, according to Dr. Carolyn B. Albrecht, county health officer.

Running second high was measles with 27 cases, 25 of them in San Rafael.

Other communicable diseases reported during the week were mumps, 23 cases; gonorrhea, two, and tuberculosis, one.

The Sheriff's Air Patrol, an auxiliary of Marin County sheriff's office, will meet for dinner at 7 p.m. at Peacock Gap Country Club. The flying deputies assist in emergency air search.

1,500 Marin Scouts Set Parents' Night

About 1,500 Marin County Boy Scouts will hold parents' night meetings during Boy Scout Week Friday through Feb. 13, the Marin Council, Boys Scouts of America, announced yesterday.

In addition, the council's Cub Scouts will hold blue-and-gold dinners.

Later this month the council will launch its spring membership program called "Invitation to Adventure." A two-month "Strengthen America's Heritage" program will start in June, with campfires scheduled July 18 in a nationwide observance of 100,000 fires to "feed the flame of freedom."

The Marin Council will be represented by 40 boys and leaders at the Sixth National Jamboree at Valley Forge, Pa., July 17-23, according to Thomas J. Barfield, council president.

He said eight Explorers will also go to Philmont Scout Ranch near Cimarron, N.M., and 800 scouts will attend the council's Camp Marin Sierra near Emigrant Gap.

Airman Assigned

Airman Steven M. Pierson, son of Mr. and Mrs. Daniel F. Pierson of 47 Grove Lane, Novato, has been reassigned to Sheppard Air Force Base, for training as a communications wiring specialist after completing basic military training at Lackland AFB, Tex.

Prices On 30 New 'Pole Houses' In Marin City To Be Presented

Prices on 30 new relocation single family homes to be built in Marin City are to be presented by Barrett Homes, Inc., builders at a special meeting of the Marin County Redevelopment Agency at 1:30 p.m. Feb. 18 at Marin City.

The homes will be variations of the "pole houses" already built.

The agency will also act on bids for preliminary loan notes ment and make a decision on a penalty against Cecotti and Son of Marin Inc., Corte Madera, for over-running the contract completion time for unit 4 improvements.

Monday the agency authorized sale of shares in the 48-unit relocation cooperative apartments to buyers outside of Marin on Feb. 15. Commissioners asked the staff members to be sure that all Marin City families are notified of the apartments availability.

The agency heard that six Marin City families have celared all hurdles to start construction of their own homes on Buckelew Street. Construction is expected to start within about 60 days.

Final approval on design of 77 apartments to be built on Donohue Street was given and construction is to begin about July 1, Donald O. Stutsman, executive director, said.

Commissioners at the housing authority meeting preceding the redevelopment meeting heard that there are now 435 families residing in Marin City, a decrease of 11 families since Jan. 1.

Harry Heifitz, chairman, community services project, asked for a meeting with housing authority commissioners to plan for a referendum, possibly in November, on a proposal for public housing for elderly families of low income.

Termination of occupancy of the Church of God in Christ in the temporary church building was set for the end of February.

State Supreme Court Hears Bodega Dispute

SAN FRANCISCO (AP) — The State Supreme Court heard arguments yesterday on the controversial nuclear power plant which Pacific Gas and Electric Co. wants to build at Bodega Head.

At issue was a request by opponents of the plant that the court order the State Public Utilities Commission to hold another hearing.

The commission on Nov. 8, 1962, authorized the company to build a 63-million-dollar plant contingent upon approval by the Atomic Energy Commission as to safety factors.

The Northern California Assn. to Preserve Bodega Head and Harbor claims that the plant would be so near to the San Andreas earthquake fault as to be dangerous.

The PUC on Aug. 23, 1963, refused to reopen the hearing in a 4-1 decision. The association asked the reopening, saying it had new evidence of danger.

Benjamin Dreyfuss, attorney for the association, in argument Tuesday challenged the PUC claim that the association's request for another hearing was filed too late. The attorney also disputed the PUC claim that the federal government, through the AEC, has preempted the field of final decision on safety of the proposed plant.

John C. Morrisey, PG&E attorney, argued that the high court lacked jurisdiction to consider the case. He said the legislature had set a definite time within which a petition may be filed for the rehearing of a PUC decision and that the court had no authority to extend that time.

Marin Fair Budget Includes Road Fund

The Marin County Fair budget for 1964-65 includes $92,788 for a new access road from Terra Linda interchange to the Civic Center fairgrounds site.

"We hope to call for bids on the new access road by early spring," County Auditor Michael Mitchell reported.

The Marin County Fair, which occupies a page in the record state budget submitted to the legislature this week, includes the operation of the annual fair at Ross and development of the fairgrounds at the Civic Center.

Here is the breakdown:

At the end of this fiscal year (June 1964), the Marin County Fair fund will have a balance of about $64,000. This amount will be carried over into the new 1964-65 budget.

Other revenues expected in 1964-65 are $62,313 in state aid, $56,732 from county taxes, and $39,830 from gate receipts and other income from the Art and Garden Center fair. The total revenue, including the carryover fund, will be $222,874.

Of this amount, $97,021 is budgeted for operating expenses and $92,788 for the access road at the Civic Center fairgrounds, or a total of $189,809. This will leave a balance of $33,065 in 1965.

In addition to these funds, $315,000 has been accumulated over the past three years for construction of an amphitheater at the Civic Center, Auditor Mitchell explained. This fund comes entirely from state racing proceeds and is held in Sacramento for Marin County. Marin will use this fund to build up the fairgrounds.

The county auditor estimated it would be three or four years at least before physical facilities are available at the Civic Center grounds to hold county fairs there instead of at Ross.

The question will be explored by other speakers including two from the State Department of Education: Graham Sullivan, state head of the National Defense Education Act, and Mrs. Julia Gonzalves, head of the state foreign language program.

Along with the program and demonstration, there will be foreign language exhibits in high school classrooms, Mrs. Tabor said.

Conference On Future Of Marin Proves Stimulating

The organizations and individuals responsible for the all-day conference on Marin and Its Future last Saturday deserve to be commended.

The conference brought together knowledgeable people to focus their analytical powers on contemporary Marin, its problems and possible solutions.

It was provocative and stimulating.

If it accomplished not one other single thing, it brought 400 or so people together to give their undivided attention to these problems for about seven hours.

Nothing but good can ultimately come from this.

Conservation-minded people sometimes get the idea that all growth and development are inherently evil and all developers are bad, intent only on getting the immediate buck without regard to long range gains or losses in environmental quality.

On the other hand, developers sometimes get the idea that all conservationists are some kind of nuts and that the conservationists' principal efforts are directed toward thwarting any and all growth and development.

Neither of these ideas is realistic nor factual.

When people whose leanings are toward conservation get together with people whose leanings are toward growth and development for a day to discuss facts and reasonable opinions, it is beneficial to both groups.

It was regrettable that the crowd was a bit under maximum capacity despite a "sell-out" of advance registrations. We suspect some interested people stayed away because they were afraid they would not be admitted owing to the well publicized sell-out. At least they had the opportunity to hear the full proceeding over KTIM.

However, as seems inevitable, there were some "no-shows" who contributed some vacant seats at the meetings and at the luncheon.

There were times when panelists seemed to be airing personal "pet peeves" instead of sticking strictly to the announced subject matter.

There were some omissions of facts that would have brought more perspective and there were some subjects on the printed program that received only the barest, passing mention during the six hours of speech-making and formal discussion.

But all these flaws, if indeed they were of sufficient consequence to be so labelled, didn't detract from the value of the conference taken as a whole.

To Mrs. Margaret Azevedo as chairman and Mrs. Franklin McClain as registrar should go the first round of applause for the success of the undertaking.

And there is more to come. A summary of the conference is to be distributed in the near future. This should give the whole effort a more lasting value.

On The Lengthening Days

Along with early acacias and Lincoln's Birthday, February brings noticeably longer days. Marinites are starting to get that gardening itch.

Lengthening days mean more time to spade, mulch, fertilize and plant seeds.

The lengthening days also are believed to trigger the changes in body chemistry of birds which lead them to the conclusion that mating season has arrived.

It seems that all Nature responds to the lengthening days of early spring.

AFFAIRS OF STATE

Even Before Brown Called Session Demos Joined GOP To Toss Rocks

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Even before Gov. Edmund G. Brown's 3.66 billion-dollar budget, for the 1964-65 fiscal year, reached the desks of legislators, and before his special session call of 43 items became generally known, the rock-throwing started.

And the sling-shot barrage wasn't all from the Republican side of the house, either.

Before the governor's special call was made public, Jesse M. Unruh, speaker of the assembly and a leading Democrat, came out with a blast against placing the Long Beach oil situation before the legislature at this time.

Unruh was joined by Sen. Hugh M. Burns, president pro-tem of the state senate, a Democrat from Fresno.

THE LEADERS of the two houses made it abundantly plain that in their belief, the Long Beach oil situation, in which the state administration will seek additional funds from the rich oil royalties from which they now get 50 per cent, was not a matter of "great urgency."

Items on special calls are supposed to be matters which cannot wait until the regular session of the legislature.

Both commented on the fact that legislative committee has been directed to thoroughly investigate the Long Beach revenues, and bring back a report to the 1965 session.

On the other side of the political fence, Assemblyman John G. Veneman, (R-Modesto), blasted the governor's request for 760 million-dollars in bond issues. He said he would introduce "truth in borrowing" legislation requiring full disclosure of state bond costs.

THE GOVERNOR in his message to the legislature said the total of the bond issues was included in the budget. However, Veneman pointed out, despite the fact the administration has emphasized the "cost of credit is as important as the cash price," the interest charges on the proposed bonds have not been divulged.

Then the California Teachers Assn. announced a spokesman for that organization had accused the governor of "throwing in everything but the kitchen sink" to make up $135.5 million-dollars as increased aid to the schools.

Will Belliger, CTA finance chairman, said that after deductions of 25 million-lollars granted last year, increased aid because of population, and the twice-defeated county-wide tax assessment program, the governor has only $35 million-dollars left to recommend as aid to the state's elementary and secondary schools.

BELLIGER SAID it is unreasonable to keep increasing other state expenditures, and then blame schools for tax increases when the "leftovers aren't enough to meet the needs." The governor has stated any more aid for schools than he recommends will have to be met by new or increased taxes.

These were a few rumblings heard around the Capitol on the evening of the 1964 budget and special session of the legislature. Many legislators commented on the number of items in the special call, and pointed out that many of these items were "old turkeys" left over from last year. All in all, the sessions promise to be somewhat exciting, to put it mildly.

Children Owner Plan Simply Unworkable

Editor, Independent-Journal:

Lillian M. Innes (letter, Jan. 29) who has "pets but no children," was "wondering" why school costs shouldn't be taken care by "children owners." I have given some sympathetic thought to her wonderment; I'm a qualified sympathizer, since I myself share residence with a cat, an occasional flea, seven assorted spiders, but no children.

I have concluded that her ownership system simply wouldn't work in meeting costs—not in Marin County at least. My conclusion is based on a certain pertinent observation I have made during the better part of a decade of classroom teaching here, to wit:

The vast majority of observed local parents just don't act as if they own their children. They act more like they love them.

I do hope I've been of some help to the lady in her wonder, and trust that she wanders into some other solution.

John Birch Society Has Awakened People

Editor, Independent-Journal:

Congratulations to your paper for printing the John Birch advertisement. The objections of your reader on Jan. 28 makes as much sense as the Reuther Memorandum advocating that the Federal Communications Commission investigate the radio and television stations carrying "Far Right" information.

The image of the John Birch Society to the man on the street is bad; thanks to the excellent job of smearing originating in the Communist press and perpetuated by liberals—never has a better job been done. Reserve your judgment until you have read conservative literature, not relying on wild statements taken out of context.

In three years the John Birch has done more to awaken people to existing conditions than was achieved in 25 years by more timid groups—hence the smear. . . .

Teachers Work 50 Hours Per Week

Editor, Independent-Journal:

Your editorial on teachers' salaries has created the response you undoubtedly expected. These replies have been noted with interest by myself for they have ranged from the highly emotional to the indignant. It is surprising that none have seen fit to present a mathematical point of view so that all could judge from the facts of the matter. This letter proposes to present such, not as an apology, not as justification, but merely some facts.

Overpaid? To reach your $7365 average, the average teacher usually has six or more years of teaching experience, depending on the district's pay schedule, and 60 or more additional units over his basic training which is roughly equivalent to an additional 2½ years of university preparation.

Overpaid? $7365 amounts to $614 per month. Federal taxes, compulsory retirement contributions and health and welfare deductions amounts to an average monthly deduction of $162.22. Take home pay then is $451.78 or $104.28 per week. Your average teacher averages 50 hours per week, some more, some less. Average hourly rate of pay then is $2.09.

Computing average hourly pay before deductions, with an average weekly pay of $141 at 50 hours per week, hourly pay is $2.80; at 40 hours per week, hourly pay is $3.50. What happens to these figures for the teacher that has a yearly salary of $4500; $4800; or $5000? It is not unusual to see teachers with an average take home pay of under $300 per month.

The 12-week vacation? At 40 hours per week, the average worker puts in 2000 hours in a 50-week period. The average teacher puts in this same 2000 hours in a 40-week period. How many people today work a full 40-hour week? How many receive time and one half or double time for all work over 40 hours? The teacher doesn't. Twelve weeks of vacation? Depends on how one looks at it.

Overpaid? Could be. It depends on one's perspectives, values, point of view. It depends on the individual receiving the salary, on the service rendered, the end results and the value of the service to the education and welfare of the child.

In some instances the charge may well be justified. The trustees are the final determinants of amounts and equity. I wonder if the overpaid charge is justified for the teaching profession as a whole. Based on these figures, how would you judge?

Incidentally, what is average?

More Supervisors Should Be Added

Editor, Independent-Journal:

The discussion over redistricting highlights the dilemma that Marin and other counties find themselves in because the number of supervisors is too small to permit a satisfactory solution.

We are forced to choose between these evils: (1) maintaining an admitted overrepresentation in one district, or (2) reconstruction of a rural district so as to change its character completely and deny any voice to a segment of the population with distinct needs and problems and a very different point of view.

But we need not be forced to choose between these evils. A better solution would be to increase the size of the board so that every segment of the population—be it on a rural-urban, or even a racial, basis—could have a voice in proportion to its size.

This could be done either by adopting a county charter, where the number of supervisors is not limited to five, or simply by getting the legislature to remove the restriction in general law counties.

After all, the idea of a three- or five-man board of supervisors is part of the outmoded thinking which regarded supervisors chiefly as administrative, rather than legislative, officials. In their modern role as legislators, a considerably larger body would be desirable.

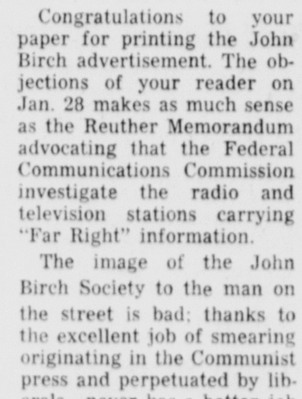

How unfortunate to waste efforts on attempts to redistrict under unfavorable conditions when so much more could be accomplished by getting at the basic problem.

TRY AND STOP ME

BENNETT CERF

The late Fred Allen's suggestion for lazy vacationists: detachable blisters for folks who abhor sun-bathing; self-wetting bathing suits to make diving into a rough surf unnecessary; and shoes with built-in pebbles for people who prefer having a beer on a cool porch to hiking through the poison ivy in the woods.

A young toddler at a crowded beach reported tearfully to a lifeguard that he was lost. "Why didn't you hang on to your mother's bathing suit?" asked the lifeguard. The toddler explained, "I couldn't reach it."

Two dog stories regularly submitted to "Try and Stop Me":

1. Teacher: Your essay on "My Dog" is identical with the one your brother wrote last term.

Young Student: Yes'm. It's the same dog.

2. Customer in Pet Shop: Does this dog have a good pedigree?

Kennel Shop Owner: Madam, if this dog could talk, he wouldn't speak to either of us!

Rusk Seeks To Avoid Having U.N. Assembly Die In Too Much Debate

WASHINGTON — Without raising his voice, Secretary of State Dean Rusk is raising some fundamental questions about the U. N. Can the 113-nation General Assembly avoid burying itself in too much debate and too many grand gestures? Isn't the Assembly seriously top-heavy with a voting majority of small nations which rely on the big powers to carry out and finance their decisions?

EVERY INDEX of public opinion shows that the American people overwhelmingly support the United Nations and want it made stronger. But Rusk is well aware that if a "swirling majority" of the General Assembly gets out of hand, it will wreck the U. N. beyond repair. That's why Rusk is speaking out.

The U. N. has evolved quite radically in its 17 years:

1. As originally conceived, the General Assembly was to talk, the 11-nation Security Council was to act. The Security Council was to be the all-powerful executive arm of the U. N. It was soon immobilized by the Soviet vetoes. It has dwindled in power.

2. In consequence, the General Assembly has grown in power. It established one vital precedent—that when the Security Council failed to act, the General Assembly was free to act. On this precedent the Assembly supported the U. N. defense of Korea, authorized large peace-keeping operations in the Congo and Middle East, and voted special assessments which many of its members have refused to pay.

3. If both the Security Council and the General Assembly had been immobile, the U. N. would today be impotent or dead. But the General Assembly has grown to such a size today (more than double its original membership) that a two-thirds majority can pass resolutions but without the responsibility or the means to implement them. That is the perilous pitfall Rusk wants the U. N. to avoid.

RUSK PINPOINTS the danger in these words:

"A two-thirds majority of the General Assembly could now be formed by nations with only 10 per cent of the world's population, or who contribute, altogether 5 per cent of the assessed budget."

Rusk does not see this as imminent but he contends that even the theoretical possibility that a two-thirds majority, made up primarily of smaller states, could approve an action for which other states would bear the primary responsibility and burden "is one which requires thoughtful attention."

There is no realistic solution through amendment to the charter, as Sen. Barry Goldwater has been advocating. One reason is that any amendment short of attaching a big-nation veto to the whole functioning of the Assembly would be vetoed by Moscow. The other reason is that the principle of equal voting in the General Assembly is so rooted in the sovereignty of states that the smaller nations would not accept it.

IS THERE no middle course between the two extremes of big-power veto over the Assembly and small-nation domination of the Assembly?

I think there is. The key to a solution is that the U. N. General Assembly is the only parliamentary body in the world which tries to do most of its business in 113-member committees-of-the-whole.

It is within the power of the Assembly, without amending the Charter, to assign budgetary, peace-keeping, and other very substantive matters to a screening committee in which the larger and smaller nations would be represented in better balance.

The U. N. risks wrecking itself if it does not soon heed Rusk's solemn warning:

"The United Nations simply cannot take significant action without the support of the members who supply it with resources and have the capacity to act."

THE ALLEN-SCOTT REPORT

Plane Deal Report To Hit Ex-Defense Aide

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—The Senate's first report on those defense contract controversies President Lyndon B. Johnson inherited from the Kennedy administration is about to hit the headlines.

The Senate Armed Services Preparedness Subcommittee plans to publish its findings soon sharply criticizing former Deputy Defense Secretary Roswell Gilpatric for overruling a military selection committee in awarding the contract for the X-22 vertical take-off airplane.

The senators will blast Gilpatric, who resigned from the No. 2 Pentagon post in December, for acting with "incomplete and inadequate information" in awarding the 18-million-dollar contract to Bell Aerosystems Development Co., Buffalo, N. Y.

THE SENATE probers charge there was "no clear, convincing, compelling or persuasive reason" for Gilpatric to reject the selection committee's recommendation that the contract go to Douglas Aircraft Corp. of Long Beach, Calif., the low bidder.

They stress that their six-month investigation showed "a reversal of the selection committee's recommendation without full, thorough, and adequate consultation, and without knowledge by the decision-maker of material facts that would have justified an opposite conclusion."

According to the senate report, "Douglas submitted a superior technical proposal which had no unacceptable items requiring correction," while, "Bell's design had four areas (vision, escape, transmission and fuel systems) which were unacceptable and required correction costing the government an extra $422,000."

The military selection committee, made up of 75 top Navy scientists and technical evaluators, estimated Douglas' cost for developing the radical flying craft to be $780,000 lower than Bell's.

THE SENATORS also reprimand Gilpatric for discussing the case with former Navy Secretary Fred Korth after the Texan had withdrawn from the decision-making because of a possible conflict-of-interest, stating:

"Secretary of Navy Korth had previously been a member of the board of directors of Bell's parent company and had been a president of a Fort Worth, Tex., bank with which Bell had banking relations. Therefore, in order to avoid any appearance of a conflict-of-interest, Secretary Korth had turned the matter over to Dr. James H. Wakelin, Jr., assistant secretary of Navy for research and development, and expressed the desire not to be involved in the decision-making process.

"Notwithstanding this, Secretary Gilpatric called Secretary Korth to inquire as to the calibre and competence of Bell's management.

"In view of Secretary Korth's previous position in this matter, it was unfortunate that he became involved in it and was called upon to express and did express an opinion."

Mailmen To Count Noses

LOUISVILLE (AP) — There's going to be another count of noses in the Louisville area this year.

The information gathered will be the same as for a regular census but this time it will be obtained by mail.

The U.S. Bureau of Census picked the Louisville metropolitan area to determine the feasibility of conducting a population count by mail.

Government Report Hard To Take When It Hits On Habit You Enjoy

DOES YOUR cigarette taste guilty lately?

The wastebaskets in the Independent-Journal office did not load up with discarded, unsmoked cigarettes when the government report first came across the wire, but some fingers shook visibly as dedicated smokers lit up during the day.

We who smoke pipes can feel a little smug, but not much. The report only said that pipes were not quite as bad as cigarettes. That is far from an endorsement.

Tobacco, plain and simple, has a bad name. There is no longer any way to dodge the fact.

But human beings being what we are, smoking will continue, probably at about the same pace it did before Black Saturday. Giving up is a struggle almost beyond human determination. Only a few have done it.

POET AND writer Charles Lamb, sure of the killing effects of the weed, faced the problem in the 17th century. In his "Farewell to Tobacco" he wrote:

"For thy sake, tobacco, I
"Would do anything but die."

Lamb's struggle was not an easy one. In a letter to Thomas Manning in 1815 he wrote:

"This very night I am going to leave off tobacco! Surely there must be some other world in which this unconquerable purpose must be realized."

Graham Lee Hemminger, who died in 1949, was another poet who struggled with the habit. He could not give up.

"Tobacco is a dirty weed. I like it.

"It satisfies no normal need. I like it.

"It makes you thin, it makes you lean,

"It takes the hair right off your bean.

"It's the worst darn stuff I've ever seen.

"I like it."

LORD BYRON, who versified about nearly everything, had nothing but praise for the filthy stuff.

"Sublime tobacco! which from east to west

"Cheers the tar's labor or the Turkman's rest."

Digging deeper into Bartlett's Familiar Quotations one finds this from George Louis Palmella Busson Du Maurier (1834-1896):

"The wretcheder one is, the more one smokes; and the more one smokes, the wretcheder one gets — a vicious circle."

The point of all this quotation is that smokers have known for a long time that the habit was not good for them. And it's difficult to assume that official word from a government panel is going to make much difference.

NO ONE IN the I-J has dropped cigarettes in favor of pipe or cigar, yet. Pipes, according to those who scorn them, are too much fuss and bother. Cigars — well most cigar smokers have to get special dispensation from the wife in order to take up the habit.

But Rudyard Kipling apparently loved a cigar better than almost anything. He had a good answer for the wife.

"And a woman is only a woman, but a good cigar is a smoke."

ART BUCHWALD

It Is Much Better To Give Than Receive On Capitol Hill

WASHINGTON—We have this aide who works for us and we must say he's becoming quite a problem.

Just the other day we said, "Bobby, take these photographs down to the postoffice and mail them for me."

"Yes, sir," he said, "but before I go, I would like to give you and Mrs. Buchwald this beautiful hi-fi stereo for your lovely house."

"That's very nice of you, Bobby, but it isn't Christmas."

"I know, sir, but working for you means so much to me I don't know how to repay you."

"Well, thank you very much. I'm sure Mrs. Buchwald will be thrilled."

A FEW DAYS later we said, "Bobby, go out and get me a cup of coffee and a doughnut."

He took the quarter, but when he returned he was struggling with a large crate which was almost bigger than he was.

"Sir, I know all you wanted was coffee and a doughnut, but I would like you to have this electric barbecue pit as a token of my esteem," he groaned breathlessly.

"Bobby," we said gently, "I appreciate the gesture, but are you sure you can afford something like this on your $40-a-week salary?"

"Certainly, sir. You're the finest person I ever worked for and you'll hurt my feelings if you don't take it."

A WEEK WENT by and one day Bobby came into the office and said he was finished filing all our old columns, and asked if we would take a drive with him.

We were very annoyed, but he was persistent. Bobby drove us out to our house and, lo, right in the backyard was a new swimming pool.

Bobby smiled.

"What's going on?" we demanded.

"Sir, the last person I worked for was mean and cruel and always yelled at me. You've never raised your voice and I appreciate it. The only way I can demonstrate how much this means to me is to present you with this Olympic-size heated swimming pool."

"Thank you so much, Bobby. I'm terribly moved. Now you'd better get back to the office and fill the water-cooler."

FOR A MONTH Bobby worked very hard and we didn't see too much of him, though occasionally we found a gift from him on our desk. One time it was 50 shares of AT&T. Another time it was a gift certificate from Tiffany's for Mrs. Buchwald. A third time it was a go-cart for the children. But we thought nothing of it.

After all, we had exchanged gifts with Bobby for years. Once we gave him a ballpoint pen, another time we presented him with two tickets to a Washington Senators game, and only a few weeks ago we had bought him a key chain with a likeness of the Capitol in silver plate dangling from a link.

But we did get worried last week. We had just come back from being examined for an insurance policy when we found Bobby waiting excitedly at the door of the office.

HE SAID, "I know I'm just an office boy around here, but I've learned a great deal from you and I have to show you how much I appreciate all you've done for me."

"You don't have to do that, Bobby."

"There are some bosses you hate," he said, "and others you'd die for. You're in the second category. And to show you how I feel, I'd like you to have this."

He handed us a sheet of paper.

"What is it?" we asked him.

"It's the deed to Disneyland. You now own it."

"Bobby, you shouldn't have."

"Sir," he said with tears in his eyes, "the pleasure is all mine."

Railroad's Value To Marin Doubted

Editor, Independent-Journal:

Now that the matter of the abandonment of the Northwestern Pacific right-of-way is again scheduled to be reviewed in the District Court of Appeals, might it not be well that Marin County and the municipalities whom this decision might affect, pause and give a great deal of thought to the future of Marin County and to the greatest good of the most people.

At the present time Sausalito is in need of a right-of-way for sewer mains paralleling the NWP tracks. In the not too distant future the necessity of widening Bridgeway for access to the main highway will require the acquisition of land adjoining the present road. What better and cheaper way is there of providing for future needs than the present NWP right-of-way?

The town of Corte Madera must ultimately eliminate the ugly and dangerous dog-leg connecting Corte Madera Avenue to Magnolia Avenue. Even now, at peak traffic hours, this presents a nasty hazard. In order to achieve a smooth and orderly flow of traffic through this area, that portion of the NWP right-of-way formerly the Corte Madera depot must ultimately be utilized.

Initially, the railroad was established to provide passenger service for the people of Marin County. When the Golden Gate Bridge was built the necessity for rail passenger service was eliminated. During the war years when the shipyards were in operation there undoubtedly was need for rail freight. Is there, at the present time, enough heavy industry in Marin to warrant the continued operation of the railroad? Do our plans for the future expansion of industry in Marin County invite heavy industry or the industrial park type of development that can be serviced adequately and economically by truck?

These questions should be on the immediate agenda of the County Planning Commission, the Board of Supervisors and the City Councils and Planning Boards of the towns involved. The future needs of our citizens versus the pressures of the few manufacturers in southern Marin now utilizing the services of NWP.

No doubt the residents of the Tiburon peninsula would like to plan a future unmarred by a railroad running through their nicest residential areas, culminating in the eyesore of the railroad yards.

REGINA BINGLEY
Larkspur

(The California Public Utilities Commission, the Interstate Commerce Commission, and the courts already have examined the pertinent questions raised by Reader Bingley and unanimously to date have found the railroad to be needed in Marin. So far, the railroad has declined to accept the verdicts.—Editor)

Traffic Laws Exist For Public Safety

Editor, Independent-Journal:

The strongest argument supporting your editorial of Jan. 31, "Public-Owned Vehicles Should Obey The Law Too," is almost completely buried therein.

Our traffic laws are primarily designed in the **interest of public safety** and the most efficient flow of traffic.

This purpose is obviously effectively defeated by violations of these regulations by drivers of publicly owned vehicles as by drivers of privately owned ones.

JOHN B. EHLEN

(But we think Reader Ehlen will agree that law officers should avoid action, or in action, that would breed disrespect for law and order.—Editor)

State Should Have Compulsory Insurance

Editor, Independent-Journal:

In a recent accident on the Golden Gate Bridge, one man was killed and two others seriously injured. Their car was a total loss. The cause of the accident was a driver without insurance. According to accident reports, this is all too frequent.

It is time that this state emulates such state as Massachusetts, New York, Pennsylvania, and possibly others, that require proof of insurance before issuing a license. To bring about this requirement in California, it is the responsibility of the citizens to make public opinion felt. In self-protection everyone should write the state public officials, including the governor, about this need for protection....

Education, Dog Care Not On Same Level

Editor, Independent-Journal:

The woman who made the tongue-in-cheek suggestion that the education of children of a community was on the level of importance of the care of dogs, would be surprised to find many people in the community who really feel that. There are many who have received their own education and can't perceive their responsibility to pass on this basic need of a free society. But the really shocking realization to me is of the raging, passionate apathy of the parents.

Energetic homeowners they are. That's fine. Persons who energetically seek educational excellence for their children, they aren't.

We have fine people in our schools. They need the concern of the community. Is it coming?

More, Marin County has the second highest income level in the country. Where do our schools place? Where do we want them to place?

Consumer Counsel's Services Are Needed

Editor, Independent-Journal:

From Henry C. MacArthur's syndicated column we have learned of the letter that the Better Business Bureau of Sacramento wrote to Governor Brown opposing the use of tax money for the Consumer Counsel.

As taxpayers who decry the almost criminal waste of public funds in all too frequent instances, we feel that the taxpayer is really getting his money's worth from the Consumer Counsel. What amazes us is the fine work of this office despite a very limited budget. We wrote Governor Brown urging that its budget be increased so as to make it even more effective.

In attacking the Consumer Counsel, the Better Business Bureau is doing the consumer a disservice. Both agencies are valuable; one does not negate the other. There are enough flim-flams on the unwary consumer every day to keep both these agencies and the regular law enforcement agencies busy 24 hours a day all year 'round, Saturdays, Sundays and holidays included.

ALMANAC

Today is Wednesday, Feb. 5, the 36th day of 1964 with 330 to follow.

The moon is in its last quarter. The evening stars are Venus and Jupiter.

On this day in history:

In 1631, Roger Williams, seeking religious freedom in America arrived at Salem, Mass.

In 1904, Russia and Japan severed diplomatic relations as the result of rival designs on Manchuria and Korea.

In 1937, a bitter controversy began as President Franklin D. Roosevelt sent a series of proposals to Congress to reorganize the federal judiciary.

In 1945, the U. S. Third Army broke through Germany's Siegfried Line.

A thought for the day—British philosopher David Hume said: "The most lively thought is still inferior to the dullest sensation."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

'Let Sleeping Dogs Lie' —Says The Sleeping Dog

The beginner is delighted to let his opponents play a hand at one of a suit.

"Let sleeping dogs lie," he chortles, never realizing that he himself is the sleeping dog.

1 ♠	All Pass		

Opening lead — ♣ Q

East passed one spade with a smile on his lips. "They can't make game," he thought to himself. And he was a good prophet.

CLUB QUEEN

West opened the queen of clubs, and South took the ace and returned a club for lack of anything better to do. East won and returned the queen of diamonds.

South played low on the first diamond but put up the king when East continued with the jack of diamonds.

West took the ace and returned a diamond to East's 10.

RETURNS SPADE

Now East returned a spade, and the ten lost to West's jack. Back came the jack of hearts, covered by the king and ace. East led his other spade, and South's queen lost to the king.

West continued with the ten of hearts, and East overtook with the queen in order to cash the nine of hearts. West was sure to win another trump trick, and South was down four.

South felt grateful as he entered 400 points for the opponents on the scorepad. If East had doubled, South had no place to go; the damage would have been 1100 points instead of only 400.

NOT AFRAID

An experienced player is not afraid to reopen the bidding when an opening bid of one in a suit is passed around to him. Once or twice a year, the opponents have missed a game and will reach it when given a chance.

The rest of the time the hand belongs to the side that has not yet bid, and it is up to the player in fourth position to act instead of passing.

Fourth hand should double (for takeout) with 11 points or more in high cards, but should bid a suit with slightly less than 11 points.

QUESTION

Partner opens with one spade, and the next player passes.

You hold:

♠ K J 9 5
♡ J 10
◆ A 8 7
♣ Q J 10 7

What do you say?

Answer: Bid three spades.

This forcing response shows very strong trump support with 13 to 16 points (counting distribution as well as high cards).
